A Foreign Affair that Founded Symbiosis

The journey of a thousand miles begins with a single step. But, it is the first step that involves deliberation and much hesitation. The Symbiosis journey however began with a surge of enthusiasm spurred on by an incident that, in itself, makes a poignant tale.

“It was an afternoon on a hot day. I was standing near the window of my house overlooking the first hostel block, of which I was the rector. A strange thing happened. A girl walked up to the window of the boys’ hostel room, quickly handed over something and disappeared. My curiosity was aroused and I kept watching the girl walking up to the window day after day and suspected, like any other rector would, that an affair was afoot. So one day, I made up my mind and walked up to the door and knocked. When the door opened, I saw a Mauritian student lying in bed. His face was pale and his eyes seemed to have sunken low. I was puzzled.” “When I turned to the boy for an explanation, he said, ‘Sir, I have an attack of jaundice & I’m feeling extremely weak. I cannot stand up, nor walk a few steps. A girl from my country brings me food. However, since ladies are not allowed to enter the boys’ hostel, she hands over the tiffin box through the window.’ I was stunned. After all, it wasn’t the type of ‘affair’ I had expected. I was very much pained & decided something had to be done about this. That was the instance, the golden moment that Symbiosis was born. “Symbiosis is a term in life science, meaning ‘living together of two different organisms, for the benefit of each other’. Dr. Mujumdar, himself a professor of botany, thought this name apt for the institution. Thus the institution was founded to alleviate the problems faced by foreign students coming to India. At the time, these problems included - accommodation, meals, medical care, guidance, coaching, information about the city, etc.

Symbiosis has come a long way since then. Today it is home to students from more than 80 different countries. These students are offered the best learning resources, industry exposure, a strong international students’ alumni network, a global recognition, and above all, a truly enriching Indian experience.
Message by Chancellor

I extend a warm welcome to all of you as you join the Symbiosis family. The University is part of the larger Symbiosis family, which is built on the core ideals of Vasudhaiva Kutumbakam - the world is one family.

You will find a wealth of opportunities as you begin your journey of higher education, which is about academics, of course, but also a lot more. It is our goal that we succeed in shaping our students to be responsible members of the global citizenry. Symbiosis is appreciative of the enormous responsibility that befalls higher education institutions. I encourage you to avail of all the wonderful teaching-learning and research possibilities that are offered. We, at Symbiosis, believe that play belongs to education as much as studies; therefore, we offer a whole range of first-rate choices that contribute to personal capacity building, such as those in career enhancement, extracurricular activities and recreational facilities.

You will find wonderful prospects to share this journey with students from over eighty-five countries and from all over India. We also pride on having with us an amazing pool of talent in our teaching staff, many of whom are noted academics, with substantial international experience. All in all, the educational experience at Symbiosis is designed to be wholesome and one that is authentically international. I hope that your experience at Symbiosis will afford you the opportunities to apply your talents and inspirations to the best use.

May God bless you!

Prof. Dr. S. B. Mujumdar

Message by Pro Chancellor

Symbiosis is a name to be reckoned with for its excellence in teaching, research, student satisfaction and contribution to society. The motto of Symbiosis is “Vasudhaiva Kutumbakkam” – world is one family is truly depicted in its unique distinction of hosting students from 85 countries and states from all over India. The innovative, forward-thinking approach of the Management, academia and the administrative staff create a conducive environment, enabling students to think critically, become responsible citizens with high moral values, ethics and social conduct ensuring a holistic development. The ethos of the University is to create globally valued graduates and has framed policies and procedures to encourage students and Faculty are exposed to international, intercultural and comparative aspects. This is ensured by encouraging student mobility on exchange and summer schools to international partners. Faculty is also encouraged to introduce international, comparative aspects in the teaching and learning outcomes and strong networks to enhance research capacity. The University prides itself as being one of the foremost to embrace interdisciplinary studies allowing students to choose across disciplines.

The academia -industry interface is valued so that the Programs offered at Symbiosis are innovative and designed according to the needs of the Industry. Similarly, with a view to extend support and nurture innovative ideas of the students, the University has set up Incubation Centre with an intention to develop entrepreneurial abilities.

As one of the largest Universities in India, Symbiosis has strong global linkages and an educational portfolio that boasts of excellent infrastructure, well equipped classrooms, accommodation and environment that is created to encourage a living, working, learning and social environment that will assist in realising their potential while embracing diverse cultures.

Welcome to the Symbiosis Family - On behalf of the University I wish your every success with the Program you have chosen to study with us.

Dr. Vidya Yeravdekar
Pro Chancellor, Symbiosis International (Deemed University)
Principal Director, Symbiosis
Message by Vice Chancellor

Dear Aspirant,

Symbiosis, founded on Vedic Principles of ‘Vasudhaiva Kutumbakkam’ was established in 1971 and is celebrating its Golden Jubilee year this year.

Symbiosis International (Deemed University), (SIU) established in 2002 provides a diverse, inclusive, vibrant learning ecosystem which is multi-disciplinary and contemporary at its main campus nestled on the pristine hills at Lavale, Pune and other Off-Campus centres at Nashik, Bengaluru, NOIDA, Hyderabad and Nagpur. The University provides safe campuses to its students with state-of-the-art facilities. As you are in the process of shortlisting Institutes and programmes, I can assure you that Symbiosis believes in providing a deeply transformative experience, in terms of opportunities and possibilities, to its students, challenging them to reflect, discover and define their purpose - intellectually, socially, and personally—that will prepare them for a life of citizenship and leadership.

Our faculty comprises dedicated teachers, mentors, innovators and thinkers, while our staff members are committed to the University’s administrative operations, supporting the SIU vision of Promoting International Understanding through Quality education.

Internationalisation being the DNA of Symbiosis, the University has the presence of international students from as many as eighty-five countries. This indicates that the University has benchmarked itself in standards of academic excellence and has collaborated with many foreign universities.

Symbiosis has nurtured many leaders and achievers who now hold coveted positions at corporate organisations, think tanks, government organisations, research institutes, NGOs and international organizations, while others pursue further studies in top national and international universities.

Symbiosis International (Deemed University) offers myriad paths of discovery for students and scholars and the Prospectus is the best place to begin your journey. The Prospectus will give you a snapshot of the various programmes, Institutes and opportunities at SIU.

That being said, all the opportunities at the University are only as good as what you do with them. I encourage you to put your best efforts into reaping all that you can during your time here. We consider ourselves custodians of the trust that you have placed in us, as you take on your journey of higher education.

I wish you all the best!

Dr. Rajani Gupte

The University

Prof Dr. S. B. Mujumdar established Symbiosis in 1971 on the principles of the Vedic thought of "Vasudhaiva Kutumbakam", i.e. the world is one family. With changes sweeping across India’s higher education scenario, Symbiosis International (Deemed University) established need based Constituent Institutes / Departments across the seven faculties of Law, Management, Computer Studies, Health & Biological Sciences, Media, Communication & Design, Humanities & Social Sciences and Engineering.

Due to the excellence and quality of education imparted by Symbiosis institutes, the Ministry of Human Resource Development, Govt. of India conferred the ‘Deemed to be University’ status on Symbiosis in 2002. Today, the University is ranked amongst the topmost Universities in India. The University has been awarded Category I by University Grants Commission (UGC) and National Institutional Ranking Framework (NIRF) 2018 has ranked Symbiosis International University 56th amongst the top 100 Universities in the country. Symbiosis International (Deemed University) is also ranked 109 by QS World University ranking agencies 2019.

Symbiosis International (Deemed University) Ranked No. 1 in the country in the SWACHH CAMPUS RANKINGS 2018.

The University has 48 Institutes / Departments distributed in campuses at Pune, Nasik, Bengaluru, NOIDA, Hyderabad & Nagpur. The establishment of every institute of Symbiosis has some history. Some institutes were established for a certain cause and some out of the needs of the industry and society at large. Every institute has created its own identity and has become a choice for students wanting to pursue higher education. Symbiosis has a rich heritage of cutting-edge innovation and enterprise, and of quality through pursuit of Educational excellence. The University offers various programmes at Doctoral, Postgraduate, Under graduate and Diploma levels under the faculties of Law, Management, Computer Studies, Health Sciences, Media & Communication, Humanities & Social Sciences, Engineering, Panning, Architecture & Design.

Cutting edge technologies, smart classrooms and modern infrastructure positively impact the delivery of world class education. Diversity in the classroom and faculty rooms, service learning projects, internships and value added activities lead to a more holistic development of students.

The University dreams of becoming a World Class University and continuously strives to build innovative technologies in the teaching learning and evaluation process, enhancing research, encouraging innovations empowering students to become entrepreneurs and provide a holistic environment as a Health Promoting University. In its pursuit in becoming a health promoting University, the University has established the Symbiosis University and Hospital Research Centre which is 300 bedded Charity hospital wherein free medical treatment shall be provided to the needy. Symbiosis Medical College for Women, an exclusive Medical College for women has also been established in the current Academic year to produce highly qualified and well trained doctors.

Access to several learning resources via the library, availability of housing facilities on several campuses, scholarship programmes to promote academic excellence, several co-curricular and sports activities organised by the University have facilitated well rounded overall development of students. Health and wellness are vital issues relevant to the academic success of students at Symbiosis. Symbiosis Centre of Health Care (SCHC), the in houses health care centre for the entire Symbiosis family makes conscientious efforts for the overall development of its staff & students by providing preventive, curative and health promotion programs to enhance optimal health, reduce risk of disease and injury and promote healthy lifestyle choices.

In its continuous pursuit of giving back to Society through academics and research, the University has established Symbiosis Centre for Waste Resource Management (SCWWRM) and Symbiosis Centre for Stem Cell Research (SCSCR), Symbiosis Centre for Nanoscience and Nanotechnology (SCNN) AND Symbiosis Center for Medical Image Analysis (SCMIA) and Symbiosis Centre for Behavioural Studies (SCBS) in past few years. These Centres are led by the researchers of repute in respective disciplines and are being developed as the Centres of Excellence of the future.

The University has academic collaborations with reputed foreign universities like Nanyang Technological University in Singapore, University of Houston in USA, Berlin School of Economics and Law in Germany and others. The Symbiosis Centre for International Education (SCIE) promotes internationalization and invites international students to the University for a Semester Abroad Programme. The University is actively involved with student and faculty exchange programmes and has also introduced the Scholar-in- Residence Programme. SCIE conducts intensive ‘Study India’ programme for the benefit of international students from over 86 countries that study here. A variety of activities are organised where international students of Pune city are able to meet on a common platform and display their many talents.
The University has the following Professor Emeritus and Chair Professors in various Faculties:

SYMBIOSIS CENTRE FOR RESEARCH AND INNOVATION (SCRI)

SCRI (Symbiosis Centre for Research and Innovation) was established in 2009 with an objective of achieving high standards of research at SIU that result into quality contribution to the knowledgebase of the disciplines of Law, Management, Computer Studies, Health Sciences, Media and Communication, Humanities and Social Sciences, Engineering and Architecture and Design.

SCRI aligns its functions with the University’s commitment to stay connected with the community by the way of understanding its major issues and problems and to suggest relevant and flexible means to resolve them. In accordance to the University’s endeavor to make meaningful contributions to the dialogue around the development of knowledge and policies for the society, SCRI facilitates the research journey of the SIU’s academic fraternity. The department provides intellectual, academic and administrative support to the research endeavours of the members of the Faculties and students of SIU.

SCRI’s activities revolve around the R&D mandate of SIU that states the following:

1. The R&D must be socially relevant, locally need based, nationally important and globally significant.
2. The focus of R&D in the University is aligned with the national priorities of the Government, reflected through various schemes and grants.
3. The R&D must be applied, translational and leading to innovation.
4. To create R&D hub comprising medical facilities, diverse research centres and constituent institutes that promotes interdisciplinary, multidisciplinary and transdisciplinary research significant to society, and
5. The University’s R&D must lead to the development of capable and responsible human resource.

SCRI offers SIU’s Ph.D. programme, doctoral fellowships, seed money and support for extramural funding, publication, intellectual property and research collaboration to the researchers of the University. The department is a nodal unit for enabling the research activities of SIU fraternity. Continuous improvement in quality of research at SIU is facilitated by the University’s research collaboration with the organizations such as Indian Council for Medical Research (ICMR), Larsen and Toubro Ltd., Society for Development Studies, Lupin Research Park, Chest Research Foundation, Serum Institute of India Ltd., KEM Hospital Research Centre and many more.

The collective research experience at SCRI has supported the scholarship of the Faculty members of SIU in terms of attracting prestigious research grants from the Government under various schemes (such as SPARC, DST-SERB, DBT, NABARD, ICSSR) and Non-Government agencies (such as ABTL, HUVE pharma, IBM, TCS) in addition to the internal funds provided for research to the Faculty and students by SIU. The department’s support through hands-on, sensitization and FDPs has contributed to the publication of a number of high quality research papers and patents, registration of designs and copyrights and new collaborative opportunities and recognitions. SIU is an empanelled research agency for conducting evaluation studies for the Government of Maharashtra. Doctoral research of SIU’s 1000+ Ph.D. Scholars in different disciplines is facilitated by SCRI.

With commitment, focus and determination, SCRI is tirelessly contributing to the enhancement of research activities at SIU and strengthening its culture of good quality research.

Main focus of SCRI

• To develop institutional research agenda and to formulate policies to reflect a conscious effort for creating a congenial and scholarly climate that nurtures the quality research culture in the University.
• To establish the minimum standards for research activities at SIU that leads to good quality contribution to the existing knowledge.
• To build research capacity and mentor the researchers to translate their effort into high quality research outcome.
• To set up a systematic procedure for administration of research programmes.
• To facilitate the research endeavours of the researchers at SIU.

SYMBIOSIS CENTRE FOR NANOSCIENCE AND NANOTECHNOLOGY (SCNN)

SCRI (Symbiosis Centre for Nanoscience and Nanotechnology) has been recently established keeping in mind that Nanoscience and Nanotechnology will fundamentally transform science, technology, and society in the future. The Centre envisions promoting basic and applied research in the fields of Nanoscience and Nanotechnology, with potential applications towards fulfilling national strategic needs.

The main research focus of the Centre includes Synthesis advanced functional nano-materials, Fabrication of nano-micro devices, & Multidisciplinary applications in field of Energy, Environment and Biomedical. The objectives of the Centre include opportunities for international exchange of scientists and students, and make collaborative arrangements; to conduct seminars workshops / conferences/extension lectures to promote Nanoscience & Nanotechnology; establish joint collaborative programs with the upcoming industries in the field of Nanotechnology and promote interdisciplinary/ multidisciplinary scientific research.
SYMBIOSIS CENTRE FOR STEM CELL RESEARCH (SCSCR)

The centre is unique, as it is the only research centre in Pune that will perform research exclusively on stem cells. Research in Experimental Hematology at a cellular and molecular level will be carried out with respect to aging of stem cells, microenvironment – mediated regulation of hematopoietic stem cells, leukemia/lymphoma biology, development of 3D cultures, mesenchymal stem cell biology with special focus on exosomes and micro-vesicles and signal transduction. Department of Biotechnology (DBT), Ministry of Science & Technology, Government of India has identified Stem Cell Research as one of the most exciting fields of life science in view of its potential clinical applications. With this understanding, Symbiosis Centre for Stem Cell Research will serve in strengthening research in one of the targeted areas as identified by DBT’s Medical Biotechnology programme.

SYMBIOSIS CENTRE FOR BEHAVIOURAL STUDIES (SCBS)

Keeping in mind that experimental research methods have a rich academic tradition both in psychology and marketing, Symbiosis Centre for Behavioural Studies has been established with aim to conduct experimental research in order to publish quality research papers in reputed journals. Its allied agenda of providing consultancy to organizations has also been kept in mind while marshaling the centre amongst industry and academia.

SYMBIOSIS CENTRE FOR WASTE RESOURCE MANAGEMENT (SCWRM)

Symbiosis International (Deemed University), Pune has established a centre called “Symbiosis Centre for Waste Resource Management (SCWRM)” with an objective to develop Centre of Excellence in Waste Management Practices to achieve Swachh Bharat mission by implementing the measures. The centre is currently conducting (i) awareness and training programmes for environmental sustainability and (ii) research in broad areas viz. (a) Biogas & Biocomposting; (b) Solid waste management and (c) waste water management. The centre also works towards developing academic curriculum for undergraduate and post graduate levels.

The centre is committed to advancement of knowledge in the field of sustainable waste management for the benefit of the society and environment at large. The Centre also has the capacity to develop insights in diverse sectors of industry, economy and society which will deal with the waste generation and its management. Furthermore, SCWRM will be committed to interdisciplinary approach to build awareness and seek to identify, analyze and implement key issues and challenges to waste management and sustainability involving all levels of stakeholder’s viz. Government, statutory bodies, policy makers, corporates, academia, research institutes, civil society and many others. Currently, the SCWRM has coordinated projects with Pune Municipal Corporation (PMC) on diverse aspects
of municipal waste management viz. Environmental Impact Assessment (EIA) and efficiency of biogas plants in PMC region; training and awareness; etc. The centre has successfully implemented a DRDE funded project on “mobile toilets” during Kumbhamela in 2016 at Nashik. The centre has also initiated international collaborations with University College London to work on Health, education, environment and engineering (HEEE) in urban and rural areas in and around Pune.

 SYMBIOSIS TEACHING LEARNING RESOURCE CENTRE (STLRC)

The Symbiosis Teaching Learning Resource Centre (STLRC) of the University is a department which works dedicatedly for the professional and personal development of the faculty members. Its aim is to act as catalyst to inspire and mentor the faculty in their roles as teachers, researchers and more so as educational parents.

STLRC strives to complement the academic mission of the University by improving the teaching effectiveness and enhancing research ability of the faculty. The prime agenda of the centre includes taking care of all the faculty development initiatives that advance educational excellence. The centre provides opportunities to faculty members to contribute innovatively in the field of training, which in turn gets reflected in their teaching and thus the students’ achievements.

The spectrum of programmes offered by STLRC includes workshops, seminars, focused group discussions, panel discussions and others. STLRC has a rich repository of resource people of both international and national repute in the chosen fields of study. Research, Innovations in Teaching - Learning, Integrity and the use of Technology remain the driving forces of STLRC, and attaining excellence is the ultimate goal.

Library

Symbiosis International (Deemed University) is one of the country’s Premier University and an educational hub of 42 institutions spread across different campuses, imparting quality higher education in different areas like Management, Information Technology, Bio-Medical science, Engineering, Liberal Art, Health science and legal education.

All these institutions are having their own library, serving and catering to the need of students, faculty members, as a creative and innovative partner for supporting teaching, learning, scholarship and research activities of the University.

With the changing scenario e-resources are emerging rapidly and these libraries are well equipped with the state of art facilities to adapt these new technologies. Along with this the collection in the form of books, journals / periodicals is increased and all the libraries are trying to fulfill the information need through these resources, to the entire Symbiosis community.

KOHA integrated library software – installed in all the constituents’ libraries.

OPAC (Online Public Access Catalogue) consists of all the books (http://symbiosis-koha.informindia.co.in) and the same are accessible along with other reading material from any location.

SIU Central Library is housed in a newly constructed independent spacious state of art building with high quality amenities and facilities located at Lavale campus. The ambience of the building is beautiful with beautiful landscape around the building.

The pleasant environment and well-furnished area inspire the student to learn, conduct research and enhance their knowledge.

Central library has adapted the emerging new technologies for information retrieval.

SIU Central library subscribes number of online databases for faculty members, students and researchers. Some of them are EBSCO, Emerald, Scopus, Web of Science, JSTOR, Frost and Sullivan kluwer etc.

The Central Library is a member of the INFLIBNET, Gandhinagar and has a active part in submitting the research thesis to shodhganga and also member of DELNET.

Symbiosis International (Deemed University) Library total book collection above 392115.

Print journals in Central Library 33 national and International Journals 39 Magazines.

E-journals in Library more than 98049.

Symbiosis International University Library total CD/DVD 14001.

Symbiosis International University Library have above 221579 e-books.

The Library portal is to provide access to its e-resource for all. (https://siu.edu.in/library/)

The university has started several unique initiatives run by different departments and support departments under the aegis of Symbiosis International University.

The Symbiosis Teaching Learning Resource Centre (STLRC) for the purpose of addressing the teaching and learning requirements of its faculty, Symbiosis Centre for Research and Innovation (SCRI) for promoting research, Symbiosis Centre for Corporate Education (SCCE) for conduct of Corporate Education Programmes (CEPs) and Management Development Programmes (MDPs) exclusively for corporate organisations, Symbiosis Centre for Entrepreneurship and Innovation (SCEI) for promoting entrepreneurship and innovation, the Symbiosis Centre for Waste Resource Management (SCWRM) for promoting sustainability efforts and Symbiosis Community Outreach Programme and Extension (SCOPE) for driving community initiatives.

Support Departments

SYMBIOSIS CENTRE FOR HEALTH SKILLS (SCHS)

The border line is often blurred between the work of health professionals and service providers and the work of partners who are outside the health sector. Therefore, specialist health care and community services training helps to meet industry skills gaps and improve the lives of people in healthcare to make a difference.

Symbiosis Centre for Health Skills was established with the following objectives:

To provide high-tech simulated and virtually created hospital set-up for teaching and training & assessment for all health care professionals in clinical and related management skills (including communication skills),

To ensure delivery of high quality healthcare services to the community by providing highly competent and safe practitioners trained and tested by simulation techniques.

To offer academic programmes on Health Skill already launched Academics programmes are launched in Health Skills.
SYMBIOSIS CENTRE FOR INTERNATIONAL EDUCATION (SCIE)

The Symbiosis Centre for International Education (SCIE) is an integral part of the University, providing leadership and support to internationalize the campus and the curricula. International students from over 85 countries pursue their undergraduate and postgraduate studies at Symbiosis. Students and faculty are provided with opportunities to pursue their international academic interests to the fullest, be it through academic exchanges, or exposure to international conferences, seminars, workshops and other resources.

Internationalization at Symbiosis works on multiple tracks, for which the Symbiosis Centre for International Education has three departments:
- International Student Admissions & Student Events
- International Initiatives and Collaborations
- International Promotions and International Student Relations

International Student Admissions & Student Events

International Students’ Admissions

Admissions of international students are centralized for all the constituent institutes of Symbiosis International (Deemed University) and routed through the SCIE. The procedure for applying for admissions at SCIE is designed taking into consideration the requirements of the applicant. Software has been tailor-made to suit the admission procedure. The admission procedure is checking of important documents to be submitted through the system of online admissions, students are also able to make all their payments online and check the admission status online.

International Student Events

Apart from all admission related activities, SCIE organizes a variety of activities where international students of Pune city are able to meet on a common platform and display their many talents. As a part of enriching students’ international experience, SCIE organizes the International Food Festival, the Flag Hoisting Ceremony, NGO visits, Blood Donation Camps, Tree Plantation ceremonies, Iftar Party, Christmas Party, Diwali Party, Dance Competitions and Sports activities like football tournaments and many more.

SCIE also organizes the International Students’ Convocation Ceremony. The convocation ceremony is an important landmark in a student’s life. It is normally organized by universities in India during the month of December. But since most foreign students have already left India by this time, they are deprived of dream of walking down the aisle with a robe and cap by organizing the International Students’ Convocation Ceremony.

SCIE is assisted in such activities by the International Students’ Council. The International Students’ Council is an elected body for the smooth functioning of the activities and events of international students.

International Initiatives and Collaborations

At Symbiosis International (Deemed University), our every endeavor is to look at ways to promote international understanding through quality education. The university believes that internationalisation imparts broadened knowledge and understanding of other nations, cultures, and global issues for students, strengthens research and knowledge production. The diversity of faculty and staff assists in bringing innovative pedagogies and enhances the teaching learning process. To achieve these objectives the university has international collaborations across the globe. To facilitate the process, SIU has framed policies for encouraging student and faculty mobility and designed programs for increasing and ensuring sustainability. The International Initiatives and Collaborations department of SCIE strives towards promoting internationalisation by facilitating student and faculty mobility, through different programs like the Global Immersion Programme, Long Term Engagement of Faculty, Scholar-in-Residence, International guest lectures, International conferences on varying topics related to Internationalisation of Higher Education initiating joint research with Foreign Universities. The University has collaborations with Universities in France, Germany, UK, USA, Canada, Japan, Singapore, Australia, Spain, Portugal, Taiwan, and South Korea.

Student Programmes

Outgoing students

Global Immersion Programme: Under this initiative, students from SIU get an opportunity to experience semester abroad/semester exchange programs, at Partner Universities across the world. The university accepts the credits earned by students who undertake these programmes.
Summer schools:

The SIU students attend summer schools, which usually last for two to four weeks. Attending summer schools gives them an opportunity of experiencing a different culture and interacting with students from different nationalities. Students from Symbiosis attended summer schools at Universities from Singapore, Germany, France, UK, Canada, Netherlands and Switzerland.
**Winter schools**:  
SIU students attended the winter schools, which usually last for 10 to 15 days. The students attend winter schools in countries like France & Germany.

**Incoming students**

**Semester exchange**:  
Symbiosis receives students from partner universities for a semester at any of its institutes. Students are able to transfer the credits so earned back to their home university towards their degree completion. The students have the flexibility to choose courses across disciplines.

**Internships**:  
Symbiosis also provides internships to foreign students ranging from 4 – 6 weeks. In today’s globalized world, this gives international students opportunities to work in a multi-cultural environment.
Summer programs:

SCIE conducts summer programs for foreign students. These programs vary from 4 to 6 weeks, where students are given academic lectures along with the practical experience in terms of conducting small projects. The students also get credits for their work.

The Engage India program:

has been designed for students to participate in community engagement activities, where they can choose from financial literacy, digital literacy and field visits in rural areas and contribute towards community learning. The students undertake academic sessions along with experiential learning activities.

Faculty Programs

Scholar-In-Residence:

This program was developed to share best academic practices, developing in house global competencies and international links. Through this program international faculty is encouraged to visit Symbiosis on short/long term engagement. The main activities envisaged are to conduct guest lecturers/workshops/Symposia, teaching, reviewing and internationalizing the curriculum, conducting faculty development
Professor from Deakin University, Australia giving lecture to students at SIU

Distinguished Visiting Professor:

This is an initiative taken to attract distinguished academicians/ personalities to Symbiosis International (Deemed University) for short-term period to teach courses in their area of expertise, conducting special course / expert workshops, developing grant projects.

Faculty Exchange:

SIU is actively involved in sending Faculty to foreign Universities on short term. This encourages the faculty to get an opportunity to teach at international partner Universities. The faculty gets an opportunity to learn new methods of teaching, conducting joint research with faculty having similar research interests and imparting knowledge to the international students while focusing on the Indian or comparative perspectives.

Dr. Kotecha, visiting University of Cambridge, UK

Dr. Asmita Chitnis visiting HSB Bremen, Germany

Lecture Series:

SCIE organizes lectures by faculties of International repute at different institutes of Symbiosis.

E-Academies on Internationalisation:

For students:

SCIE along with Symbiosis Centre for European Studies (SCES) organises Virtual capsules open to all symbiosis students pursuing undergraduate studies to discover their potential to study/ work abroad. This programme is offered on weekends at specific times of the year and entail an opportunity for each student to work on projects with a “cultural other”. This is one of the most exciting programmes for students to experience the world from the comfort of their homes promoting Internationalisation at Home. You’ll find few snippets below

For Faculty:

SIU is actively involved in bringing distinguished academics/personalities to Symbiosis International for short term period to teach courses in their area of expertise, conducting special course / expert workshops, developing grant projects.
For Educators:

The faculty at Symbiosis is constantly evolving and including solutions that are cutting edge and make their students "Future Ready". Hence the curriculum at SIU has a global outlook that enables students to work in multi-cultural teams whether in India or across borders.

WFH Internships:

Bright students who are good in research, graphic designing, social media and corporate relations are given the opportunity to work with SCIE-SCES along with the international peers on projects that advance internationalisation. These calls are on rolling basis every month and offer a great opportunity to work on peer projects which are on the job and contemporary issues/topics in the world.

International Student Relations:

Understanding the academic and social, this department will focus totally on assisting foreign students to adapt to their new home. The students are encouraged to contact this department when faced with problems – academic, administrative, and even issues that are not directly related to the University, such as dealing with formalities.

We have “buddy” system, which refers to the practice of assigning a mentor to each international student. The “buddy” will be a domestic Indian student, who is familiar with the city of Pune. The “buddy” will be encouraged to help the student overcome challenges big and small – that are related to the institute and the University, as well as everyday problems related to settling down in India.

The department will conduct periodic meetings with international students in their individual institutes. The informal meetings are aimed at providing an opportunity to the students to share their experiences, both good and bad, giving an opportunity to solve these by initiating changes either in policy or regular activities.

FOREIGNERS’ REGISTRATION

Every foreigner coming to India must have a valid Passport and Visa to enter and to continue his /her stay in India.

The foreigner should always carry identification documents, namely:
Passport with an endorsed visa
Certificate of Residence issued by the concerned Police Station
Residential Permit issued by FRRO/FRO
The foreigner is under obligation to produce the above documents to any Police Officer on demand for inspection.

Foreigners entering India on a long term visa i.e. for a period more than 180 days, on a Student Visa, Employment Visa, Research Visa, Medical Visa and Missionary Visa are required to get themselves registered within 14 days of their arrival with the concerned FRRO/FRO. Students arriving on short term Provisional Student Visa (Valid for 180 days or less) must also register and confirm their admission within the stipulated visa period to avoid deportation.
Upon confirmation of admissions, the students on short term Provisional Student Visa should approach the concerned FRRO/FRO for registration and extension.

The above rules will not be applicable to Pakistani, Bangladeshi and Afghani nationals.

- Pakistani Nationals must report within 24 hours of their arrival
- Afghan Nationals must report within 7 days of their arrival
- Bangladesh Nationals on Student Visa must report within 7 days of their arrival, and within 24 hours of their arrival for other visas

SYMBIOSIS CENTRE FOR MEDICAL IMAGE ANALYSIS (SCMIA)

In recent years there has been an increased thrust to understand and quantify the complex information conveyed by medical images. Developing modern computational techniques that offer the potential for extracting diverse and complex information from imaging data and applying these to a plethora of clinical studies is crucial. These techniques not only support precise quantification but also overcome the limitations of subjective visual interpretation. Furthermore, these methods can facilitate finding specific markers that relate to pathologies as well as aid in treatment planning. Building on this background, the objectives of this center are as follows: (1) development of novel computer-based image analysis methods and their application to a wide variety of clinical research studies (2) Translating the techniques to the clinic thereby aiding early diagnosis and understanding of the underlying pathology.

Currently, the center focuses on neuroimaging (MRI) and breast imaging (ultrasound). Image analysis methodologies include volumetric analysis, diffusion MRI processing and analysis, structural and functional connectomics, statistical learning in imaging, radiomics, population based analysis and deep neural networks for image classification. In future, the center plans to diversify research to image analysis of various organs and include multiple modalities in imaging.

Symbiosis Centre for Emotional Wellbeing comprises of a team of qualified mental health professionals. Every campus has a psychological counsellor that a student can reach out to if in need of any psychological or emotional help or support.

SCEW provides the students with a safe and confidential space where they can come and share their problems without the fear of being judged.

During the students’ academic tenure with Symbiosis, SCEW will be conducting a series of lectures or workshop to help develop their Emotional resilience in order to prepare them to face the challenges in Society and help them become successful individuals.

Admission Process for Indian Students:

Candidates aspiring to join MBA programmes offered by institutes of Symbiosis International (Deemed University) [SIU] have to appear for the common, mandatory Symbiosis National Aptitude (SNAP) Computer Based Test (CBT) 2020. A candidate needs to register for SNAP Test & also register for the Institutes offering her/his choice of programs by paying separate registration fees for each programme. If shortlisted, s/he would then need to attend the further admission (GE-PIWAT) process conducted by each of these Institutes individually.

The registration process for SNAP and Institutes is integrated. Aspirants can complete the SNAP as well as programme registrations in the same portal (snaptest.org)

**Note:**
Even after closing of the payment for SNAP, a candidate may still pay through SNAP website till the last date of payment for the programme(s). An institute may offer more than one programme. A candidate should ensure that the preferred programme(s) is / are selected and paid before the last date.

Indian nationals and NRI candidates (graduated from a recognized university in India) shall have to apply under SNAP to seek admission to the select Postgraduate programmes of Symbiosis International (Deemed University).

After declaration of the SNAP 2020 result, the institute (offering the programme(s) for which you have paid) will conduct further selection processes for short-listed candidates. The schedule for the same will be published on the website of the respective institute(s).

An NRI candidate (graduated from a recognized university in India) after having applied for SNAP 2020 has the option of consideration of his candidature as national student or under NRI category. In case a NRI candidate chooses to apply under NRI category, he will have to further register and apply through Symbiosis Center for International Education. For more information, please visit www.scie.ac.in

**Reservation Policy of SIU**
Following will be the reservation policy for admission to any programme of Institutes of SIU (except Symbiosis Institutes of Management Studies, which has separate policy #)

[A] **WITHIN SANCTIONED INTAKE**

1] **Scheduled Castes Candidates:**
(15% of seats within the sanctioned intake)
The University has provided for reservation to the extent of 15 % for all its academic programmes to Scheduled Castes Candidates, as defined under Article 341 of the Constitution.

2] **Scheduled Tribes Candidates:**
(7.5% of seats within the sanctioned intake)
The University has provided for reservation to the extent of 7.5 % for all its academic programmes to Scheduled Tribes Candidates, as defined under Article 342 of the Constitution.

3] **Differently Abled Candidates:**
(3% of seats within the sanctioned intake)

**Important:** OCI/ PIO/ Foreign National/ NRI candidates (having passed graduation from a recognized foreign university) are exempted from appearing for SNAP and have to apply through Symbiosis Center for International Education (www.scie.ac.in).

Any attempt to impersonate or indulge in any malpractice, identified at any stage of the admission process would disqualify the candidate from the admission processes to all MBA programmes of Symbiosis International (Deemed University) and may also lead to appropriate legal action as deemed fit.
The types of disabilities covered are:
(i) Vision Impairment
(ii) Hearing Impairment
(iii) Locomotors Disabilities
(iv) Mental Retardation
(v) Multiple Disabilities
(vi) Dyslexia

4] Children/ Wards of Defence personnel /
Defence Special Category:
Children / Wards of Defence personnel means children/ wards of those Defence Personnel who are serving / retired Defence personnel from Army, Navy, Air Force. Retired Defence personnel are those who fall in the category of ex-servicemen as laid down in Ministry of Defence letter no. 36035/5/85- Estt (SCT) dated 14 April 1987. It also includes children of Defence personnel, who died while in service or after retirement.

The University in terms of the provisions of Memorandum of Association (MoA) between Symbiosis and Ministry of Defence, Govt. of India dated 10th July, 2000 provides for reservations up to the extent of 90% for Master of Business Administration programme of Symbiosis Institute of Management Studies (SIMS), comprising of 80 % for Children/ Wards of Defence personnel and 10 % for Special Defence Category. The University also provides 5 % reservation within the sanctioned intake for Children/ Wards of Defence Personnel in Constituents as listed below:-

(i) Master of Business Administration (International Business) programme conducted by Symbiosis Institute of International Business (SIIB), Pune
(ii) Master of Business Administration (Digital and Telecom Management) programme conducted by Symbiosis Institute of Digital & Telecom Management (SIDTM), Pune
(iii) Master of Business Administration (Information Technology Business Management) programme conducted by Symbiosis Centre for Information Technology (SCIT), Pune
(iv) Master of Business Administration (Information Technology) programme conducted by Symbiosis Institute of Computer Studies & Research (SICSR), Pune

**Note:** A candidate who is interested to apply under the category “Children/ Wards of Defence Personnel” for any of the abovementioned programmes, should select the category “Children/ Wards of Defence Personnel” for each programme separately.

5] Domiciled: (25% of seats within the sanctioned intake- Only in case of Constituents at Off-Campus centre, Nagpur)

In accordance with Clause A of Schedule C of the Lease Deed signed between Nagpur Municipal Corporation, Nagpur and Symbiosis, Pune on 4th September, 2017, the University has reserved 25% seats against the approved intake in each programme offered at the Off campus Centre of the University at Nagpur for Nagpur Domiciled candidates.

**The definition for Nagpur Domicile is:**

The meaning of ‘Nagpur Domiciled’ candidate, for admission to the above-mentioned Institute only, is a person, who is domiciled in Nagpur for a period of five years as on the date of commencement of the academic year, and who has graduated from or is appearing for the qualifying examination of Nagpur University before admission to the programme. For more information visit Institute website (www.sibmnagpur.edu.in).

* The definition for Defence Personnel is :

The term Defence Personnel would mean only those serving / retired Defence personnel from Army, Navy, Air Force. Retired defence personnel are those who fall in the category of ex-servicemen as laid down in Ministry of Defence letter no 36035/5/85- Estt (SCT) dated 14 April 1987. It includes defence personnel who died while in service or after retirement.

**Note:** A candidate who is interested to apply under the category “Children / Wards of Defence Personnel” for any of the above mentioned programme(s), should select the category “Children / Wards of Defence Personnel” for each programme separately.

[B] SUPERNUMERARY QUOTA (Over and above the sanctioned intake)

In addition to the above reservations, the University also admits candidates under Supernumerary Quota, as follows:-

(1) Kashmiri Migrants and Kashmiri Hindu Families (Non Migrants) living in Kashmir valley: 02 (two) seats per programme.

(2) International candidates: 20% of the approved sanctioned intake [International candidates includes viz. Foreign National (FN), Persons of Indian Origin (PIO), Overseas Citizen of India (OCI) & Non Resident Indian (NRI)].

The percentage of reservations and the existence of the categories in the reservations are subjected to vary from time to time.

A candidate applying under any of the reserved category (Scheduled Caste / Scheduled Tribes / Differently Abled / Kashmiri Migrants & Kashmiri
Pandits / Kashmiri Hindu Families (Non- Migrants) living in Kashmiri Valley) are mandatorily required to submit relevant document issued by competent authority. Any participation at any stage of admission process by such candidate is purely provisional and will always be subject to verification and authentication of such relevant document.

In case a candidate falls under more than one of the above categories (eg. Scheduled Caste as well as Differently Abled or any other combination), he would need to select any one Category (i.e. either Scheduled Caste OR Differently Abled in the case of example mentioned above) at the time of filing up the SNAP registration form. The category selected by the candidate at the time of filing the registration form will be considered to be her/his category for the entire admission process and her/his benefits and entitlements shall be according to such selected category. S/he will not be able to claim benefit under the other category/ies at any stage of admission on any account whatsoever.

A candidate belonging to any reserved category should note the eligibility requirements carefully before applying. While it is the endeavour of SIU that a candidate belonging to SC/ST/DA category joins a programme as per the SIU norms, s/he has to meet the minimum eligibility criteria. A certain minimum level of performance in SNAP test is required to be considered for the subsequent admission process.

Please also note that if any information provided by the candidate in respect of her/his category is found to be incorrect, the University shall have right to cancel the candidature of the candidate at any stage of the admission process.

* Differently Abled Category (DAC) at SIU

In compliance to Govt. Directives on disability guidelines issued by the office of the Chief Commissioner for persons with disabilities vide Ministry of Social Justice and Empowerment New Delhi notification no. 16-18/97 on dated 01st June 2001 and University Grants Commission Notification No. F.6-1/2006 (CPP-II/SCT) dated 30/09/2009, SIU has made provision of reserving 3% seats for Differently Abled Category (DAC) students in all the Institutes of SIU.

The types of disabilities covered are:-

a) Vision Impairment 
   b) Hearing Impairment 
   c) Locomotors Disabilities 
   d) Mental Retardation 
   e) Multiple Disabilities 
   f) Dyslexia

All candidates claiming admission under DAC will be provisionally admitted under the said category. Thereafter, the candidate will be required to obtain an ‘Authentication Certificate’ from Symbiosis Centre of Health Care (SCHC) within one month of commencement of the programme. SCHC will check validity of documents produced by the candidates and verify the continued existence and extent of the disability.

# For Symbiosis Institute of Management Studies (SIMS): As per MoU with Ministry of Defence clause no. 13 sub clause (d) The term Defence Personnel would mean only those serving / retired Defence Personnel from the Army, Navy and Air Force who fall in the category of ex-serviceman as laid down vide Ministry of Defence Letter no. 36034/5/85 -Estt (SCT) dated 14th April, 1987.

Reservation of Seats within the intake is:

**EXAMINATIONS:**

**Programme:** A programme means a set of pre-defined courses selected from the Course Catalogue and approved by the Academic Council of the University, successful completion of which will lead to the award of a Degree or Diploma e.g. Master of Business Administration. The programmes conducted by the University follow semester/annual pattern.

**Programme Outcome:** Program outcome represent broad statements that incorporate many areas of inter-related knowledge and skills developed over the duration of the program through a wide range of courses and experiences.

**Course catalogue:** A set of approved courses that include the course objectives, syllabi, pedagogy and evaluation approaches.

**Course:** A course means individual subject that would be included from the Course catalogue to become part of the pre-defined courses of a programme e.g. Marketing Management
**Course Outcome:** Course Outcome are statements clearly describing the meaningful, observable and measurable knowledge, skills and/or dispositions students will learn in this course.

**Credit:** A credit is defined as follows:

a) 1 Credit = 12 Hours of face to face contact sessions including Internal Evaluations as per SIU norms not exceeding 2 Hours* + 3 hours for internal assessment linked to experiential learning.
b) 1 Credit = 30 hours of Laboratory or Studio or practical hours
c) 1 Credit = 60 hours of Internship/Project/ Dissertation
d) For courses which employ combination of practical and theory, the practical hour converted to contact hours in the ratio of 1:2 meaning 1 face to face contact hour = 2 hours of practical (Lab and/or Studio hours)

Each credit is assessed for 50 marks at the PG level and 25 marks for other programmes, unless otherwise explicitly mentioned by the respective statutory councils.

**Term:** A term in semester pattern means one semester and in annual pattern means one year.

**Semester:** A semester consists of a minimum of 90 days of teaching-learning and requires about six months to complete. Any programme of 2 years duration will have 4 semesters, any programme of 2½ years duration will have 5 semesters.

**Term Not Granted (TNG):** Minimum 75% attendance in aggregate is mandatory for all the students to be eligible to appear for the term end examination of all courses of the term. If the aggregate attendance and attendance in each and every course is below 75% then the student will not be granted the permission to appear for the term-end examination.

**Course Not Granted (CNG):** If a student falls in TNG category (i.e. aggregate attendance less than 75%), then the CNG Rule is applied, by checking attendance course wise. In the course/s where the student has more than 75% attendance, he/she may be allowed to appear for the examination and the remaining courses are termed ‘Course Not granted’.

**Evaluation:** The evaluation includes continuous and term-end evaluation. Continuous evaluation in general, is formative while the term-end evaluation is summative in nature.

For all courses having term-end examination, the continuous assessment will be for 60% and term end assessment will be for 40%. A maximum of 30% of the total credits (unless specified otherwise) will be evaluated entirely through continuous assessment by the concerned Constituent.

**Term-End Evaluation:** At the end of every term the University shall conduct ‘Term-end’ examination, under its supervision and jurisdiction.

**Continuous Evaluation:** The University has adopted the policy of continuous evaluation, which shall be carried out by the respective Constituent in accordance with the rules and regulations of the University. Continuous evaluation aims at multi-level assessment and may include components like class room / online test, open book test, research essay, assignments, quizzes, case studies, practical, presentations, viva and others as approved by the Board of Studies of the respective Faculty. All the components of evaluation should be spread across the term. Award of marks for attendance should be strictly avoided.

The number of minimum components of Continuous Evaluation shall be (n+1) where ‘n’ stands for number of credits.

**Choice Based Credit System (CBCS) :**

**Cumulative Grade Point Average (CGPA) System for Academic Programmes :**

• All programmes of University shall follow the total credits as recommended by Board of Studies and approved by the Academic Council and will adhere to the distribution of continuous evaluation and Term End Examination prescribed in the approved programme structure.
• Audit courses shall not be considered for computation of GPA / CGPA. The Grade P (Pass) will be printed on the grade sheet only if the student passes the course.
• Relative grading: The grading of students will be done based on their relative performance of the students compared to the class. Continuous assessment, Term End Examination and Practical (if any) will be separate heads of passing. Passing in a course means securing 40% of absolute marks in each head. Separate grade points will be calculated for Continuous assessment and Term End Examinations and the weighted average of both will be the grade point for the course.
• Grading on absolute performance: Evaluation based on absolute marks may be applied for the courses Project/ Dissertation/Thesis/Internship (Ref. AC Resolution No.A6: AC: 21.08.2020). Absolute grading shall be applicable for all the courses where the student number is 15 or less in each course.
• Re-evaluation: In case of re-evaluation, the scores obtained will be fitted as per original range of marks of the grades.
• Backlog Examinations: In backlog examination the marks secured will be fitted back into the earlier distribution i.e. original range of marks of the grades.
• Calculation of GPA for Semester and Overall CGPA: The Grade Point Average for the semester will be calculated by taking the weighted average of the course grade points.

The weights will be defined as per the credit points they carry. Similarly the CGPA for the programme will be calculated by taking the weighted average of the semester grade points where the total credit for the semester will act as the weight. The formula is as below:

\[
CGPA = \frac{\left( (GPA \text{ of } \text{Sem. I}) \times \text{(Credit Points of } \text{Sem. I}) + (GPA \text{ of } \text{Sem. II}) \times \text{(Credit Points of } \text{Sem. II}) + (GPA \text{ of } \text{Sem. III}) \times \text{(Credit Points of } \text{Sem. III}) + (GPA \text{ of } \text{Sem. IV}) \times \text{(Credit Points of } \text{Sem. IV}) \right)}{\text{Total Credit Points}}
\]

• CGPA will be calculated up to two decimal points
• Conversion of CGPA to percentage marks:

\[
\text{Percentage} = \frac{\text{CGPA}}{10} \times 100
\]

• There is no provision to appear in examination to improve marks or grade.
• Standard of passing: A student has to pass both Continuous assessments and Term End Examinations separately i.e. obtain minimum GP of 4.00. GP less than 4.00 will be treated as grade F (fail).
• Award of Degree/Diploma: A student (UG/PG) will be awarded the degree only if he/she has a CGPA of minimum 4.00 on the completion of programme and has cleared Integrated Disaster Management Programme. Publishing a Research Paper in recommended journal viz. Scopus/Web of Science indexed is mandatory for award of degree for Post Graduate students admitted from Batches 2019.

Allowed To Keep Terms (ATKT) Rules:

A student will attend classes of all the years with his/her batch. The following rule will be applicable as per the total number of semesters in a programme:

ATKT rule for 2 and 2 ½ Year Programme:

He/she cannot appear for Term End Examination of Semester-3 if he/she has CGPA less than 4.00 up to Semester-1.
He/she cannot appear for Term End Examination of Semester-4 if he/she has CGPA less than 4.00 up to Semester-2.
He/she cannot appear for Term End Examination of Semester-5 if he/she has CGPA less than 4.00 up to Semester-3.

However, a student who is eligible to appear for a later semester will also be permitted to appear for all the previous semesters irrespective of the ATKT rule applicable to that semester. (Eg: A student having CGPA less than 4 at the end of Semester - 1, but having CGPA greater than 4 at the end of Semester - 2 will be eligible to appear for Term End Examinations of Semester - 3 and Semester - 4)

The ATKT rules will not be applicable post the minimum duration of the programme is over i.e. the student can appear for any semester backlogs during the extended validity of the programme.

Validity of Terms for Post Graduate Degree programmes:

Students admitted to the post graduate degree programmes of the University, are allowed to keep term for a period of one year from the date of admission beyond the normal period of the programme, i.e. a student joining two years programme must complete the programme in three years from the date of admission.

Expiry of Validity:

Students who are not able to complete their programme within the stipulated period will have to take fresh admission to the programme as per the prevalent rules and his/her performance at the examinations and the terms earlier kept will be treated as null and void.
The student code of conduct (Code) is established to foster and protect the core missions of the Symbiosis International University, Pune, to foster the scholarly and civic development of the University’s students in a safe and secure learning environment, and to protect the people, properties and processes that support the University and its missions. However, the establishment and maintenance of a community where there is freedom to teach and to learn is dependent on maintaining an appropriate sense of order that allows for the pursuit of these objectives in an environment that is both safe and free of invidious disruption. Rules and regulations are necessary to mark the boundaries of this needed order.

Article 2: APPLICABILITY

The Code is applicable to all students, which includes all persons taking programmes at various constituent institutes /departments of the University, either fulltime or part-time, pursuing undergraduate, graduate, professional studies. Persons who withdraw after allegedly violating the Code, who are not officially enrolled for a particular semester or term, but have a continuing relationship with the University, or who have been notified of their acceptance for admission are considered as “students”. The Code applies to all locations of the University.

Article 3: JURISDICTION

The Code applies to the on-campus conduct of all students at all the location / campus of the University. The code also applies to the off-campus conduct of students in direct connection with:

A. Academic course requirements or any credit bearing experiences, such as internships, field trips, study abroad / student exchange;

B. Any activity supporting pursuit of a degree, such as research at another institution or a professional practice assignment;

C. Any activity sponsored, conducted, or authorized by the university or by registered students organizations;

D. Any activity that causes substantial destruction of property belonging to the university or members of the university community or causes serious harm to the health or safety of members of the university community; or

E. Any activity in which a police report has been filed, a summons or indictment has been issued, or an arrest has occurred for any act or omission. Students continue to be subject to the laws of the land while at the University, and violations of those laws may also constitute violations of the code. In such instances, the University may proceed with University disciplinary action under the code independently of any criminal proceeding involving the same conduct and may impose sanctions for violation of the code even if such criminal proceeding is not yet resolved.

Article 4: RESPONSIBILITIES OF STUDENTS

Students are members of the University community and citizens of the state. As citizens, students are responsible to the community of which they are a part, and, as students, they are responsible to the academic community of the University. Admission to the university carries with it the presumption that students will conduct themselves as responsible members of the academic community. As a condition of enrollment, all students assume responsibility to observe standards of conduct that will contribute to the pursuit of academic goal sand to the welfare of the academic community. They are expected to practice high standards of academic and professional honesty and integrity and also to respect the rights, privileges, and property of other members of the academic community and the Society. They should refrain from any conduct that would interfere with university functions or endanger the health, welfare, or safety of other persons. As a citizen of State, a student should not discriminate on the basis of race, color, creed, age, religion, gender, national or ethnic origin, marital status, sexual preference, physical disability, or any other legally protected status. They should at all times conduct themselves in a manner, which is not prejudicial to any law of the land. Their conduct should aim to achieve the meaning, mandate and manifestation as enshrined in the Constitution of India.

Article 5: DISCIPLINARY MISCONDUCT

Any student found to have committed or to have attempted to commit the following misconduct is subject to appropriate disciplinary action under this Code. The instances of misconduct are not to be interpreted as all-inclusive of situations in which disciplinary action will be invoked. University Sports Board

Every human being has a fundamental right of access to physical education and sports, which are essential for the full development of his/her personality. The freedom to develop physical, intellectual and moral powers through physical education and sports must be guaranteed both within the educational system and in other aspects of social life. Symbiosis today is already known for its excellence in education and we aim to transform the same in sports.

University Sports Board, SIU has been entrusted with twin objectives of promoting health and wellness amongst student, staff and community and promoting sports, achieving sporting excellence at the National and International level. Apart from being a means of entertainment and physical fitness, University Sports Board have also played a great role in generation of the spirit of healthy competition and bonding within the community. Sports play a key role in development of personality of the youth. In fact, sports should be a way of life. I call upon the youth to make sports an integral part of their life.

The role of the University Sports Board is to create the infrastructure and promote capacity building for broad-basing sports as well as for achieving excellence. Keeping in view the growing demands for advanced infrastructure, equipment and scientific support, University Sports Board has taken several initiatives and is providing the necessary assistance to sportspersons by way of training and equipment support as well as sports scholarship / cash incentives for boosting student’s morale.

Objective:

- To promote excellence in sports by encouraging participation in National and International championships in large numbers.
- To create a culture of sports by imbibing higher moral and ethical values, spirit of comradeship and the desire to excel.
- To annually organize inter institute competitions in specified games and sports for the students
- To organize annual events for mass participation of students and staff with a focus on health and wellness
- To provide equal opportunities and encouragement to all students and staff for participation in physical activity and sports at all levels.
- To offer sports scholarship, prizes and other awards to outstanding athletes and sportsmen and women
• To create, develop and maintain sports infrastructure
• To get associated and affiliated to recognized Sports Associations and Federations

Orientation and Pedagogy

**MBA:**

SIBM Pune conducts its Orientation Programme in a novel way. The very first day of the programme is made special for the students. After the ceremonial address by the Director, the students are divided into teams of twenty. Each team is handed over to a team of two faculty members. The faculty members take their teams of twenty students through a series of interesting ice-breaking sessions and team building exercises for the rest of the day. The day ends with a group task for the next day. On the second day, teams of twenty have to perform on stage. The stage performance is divided into parts. One is a purely academic part.

Second part is a cultural performance which may include singing, dance, mimicry etc. Next two days are generally devoted to outbound activities leading to development of team building and problem-solving skills. The last two days are generally devoted to experience sharing sessions by corporate executives as well as entrepreneurs, preferably from the alumni pool. Pedagogy at SIBM Pune is a mix of many methodologies. Apart from the usual chalk-n-talk, there is a conscious effort to make the sessions interactive by using case studies and references of latest developments in the relevant field. In addition, students are encouraged to undertake multiple projects to hone their research and analytical skills. Latest tools and techniques like Business Simulations are used wherever possible. Ample amount of guest lectures are organized by inviting leading corporate executives, especially from the alumni pool. In fact, SIBM Pune has consistently received Awards for excellent industry interaction. Students are also encouraged to write success stories of illustrious alumni, which the college publishes in the form of books. Field visits are also a regular feature.

The last two days are generally devoted to experience sharing sessions by corporate executives as well as entrepreneurs, preferably from the alumni pool. Pedagogy at SIBM Pune is a mix of many methodologies. Apart from the usual chalk-n-talk, there is a conscious effort to make the sessions interactive by using case studies and references of latest developments in the relevant field. In addition, students are encouraged to undertake multiple projects to hone their research and analytical skills. Latest tools and techniques like Business Simulations are used wherever possible. Ample amount of guest lectures are organized by inviting leading corporate executives, especially from the alumni pool. In fact, SIBM Pune has consistently received Awards for excellent industry interaction. Students are also encouraged to write success stories of illustrious alumni, which the college publishes in the form of books. Field visits are also a regular feature.

National Winner, Godrej LOUD 2019
MBA (Leadership & Strategy):

This program is meant for graduates who have a minimum of full-time work experience of 4 years. The idea is that they take a break from the work and immerse themselves into this programme to get an acceleration in their careers and assume leadership roles in a quick span of time.

This program aims to create and groom middle level managers who can quickly assume senior leadership roles, thereby fulfilling the industry requirement of a reliable talent pool.

The whole learning experience is expected to be life changing, be it leading with higher confidence, inspiring performance at all levels, developing an ability to tackle the tough organizational challenges or making a higher contribution to the leadership team of the company. By the end of this programme, the participant will be expected to develop the abilities to

- Lead organizations by crafting right strategies and also craft creative growth strategies.
- Systematically evaluate markets, analyze competitive forces, and establish corporate strategy.
- Understand the intricacies of finance and scout for opportunities that add value to the company.
- Leverage on digital transformation and strategically implement artificial intelligence.
- Develop as a leader by building on powerful insights gained through assessments and feedback.
- Build lasting connects with accomplished peers who come from different functions and industries.

The pedagogy for the programme would be mainly case based, following the pattern of leading global business schools. Approximately 70% of the course curriculum is case-based. The first year of the program would be classroom based while the second year would comprise blended learning along with Projects. This pattern would be reinforced with planned days on campus. Overall, the programme aims to create an immersive learning experience with models designed to accelerate growth. As part of the go green initiatives at SIBM Pune, every participant of the programme would be provided with a Tablet.

Institute Profile

Established in 1992, Symbiosis Institute of International Business (SIIB) is a constituent of Symbiosis International Deemed University (SIU) and is one of the highly acclaimed business schools in the country. It has been recognized as a B-School that provides budding entrepreneurs and managers with the foresight to tackle the sweeping changes of the liberalized and globalized Indian economy. The motto of the institution has always been to adapt to Global Business Challenges’ which it has successfully done for the last twenty-eight years. SIIB is one of the few institutes under SIU imparting education in 3 diverse areas namely; International Business, Agri-business and Energy and Environment. This diversity is the core strength of SIIB. With several international academic as well as corporate collaborations to its credit, SIIB is a true guiding force that facilitates students to get equipped for the international business environment. In an increasingly globalized world, SIIB is ahead of the curve.

At SIIB, the students get an excellent opportunity to interact with the best in the industry during various management events organized by the Institute and through guest lectures, workshops, industry visits, live projects, and mandatory two months summer internship. This constant interaction with industry keeps the students updated about the latest industry trends and ensures overall personality development. The institute can boast of 100% placements in companies encompassing a variety of sectors like Consulting, Banking, IT, Manufacturing, Consulting, Agri-Input, Energy, and Environment, etc.

The Institute has several academic collaborations like Berlin School of Economics & Law [BSEL], Germany, Hochschule Bremen University of Applied Sciences, Germany, Munich University of Applied Sciences, Germany, Flensburg University of Applied Science, Germany, Dauphine University, Paris to name a few; apart from its collaborations with Bloomberg, SAP, Halosource etc.

SIIB is the first campus in the country to be part of the Smart Campus Cloud Network (SCCN) to monitor and measure the total energy consumption of the institute using a cloud-based real-time system.

Programme Profile

MBA – International Business (Specializations : Marketing, Finance, Supply Chain Management & HR)

Counted amongst the league of top MBA schools in India, SIIB’s flagship programme is the MBA in International Business. The MBA-International Business is an intensive, two-year, residential, post-graduate degree programme, specifically designed for a rewarding career in global business management. This programme is a unique blend of theories and practices that prepares students for domestic markets as well as business on a global platform.

The International Business courses such as Export and Import Management, Global Strategic management, Trade Finance and Forex Risk Management, Advanced Strategic Management, Foreign languages, etc., make this programme truly unique and aligning to trends in the International business discipline.

Students, who enter the portals of the Institute, come from diverse academic backgrounds such as engineering, economics, mathematics, chartered accountancy, IT, commerce, etc., and provide a vibrant tone to the programme. The first semester serves as a churning crucible and creates the basis for understanding business management. Students are
brought together on a level playing field before the introduction of specializations in the second semester. Symbiosis Institute of International Business (SIIB) offers an elective system wherein a student can opt for major courses in any one functional area of specialization (Marketing, Finance, Supply Chain Management, and Human Resource). The semester pattern followed by SIIB ensures that the subjects are covered in detail and every course that is taught, is understood and assessed thoroughly.

**MBA - Agri Business**

Agriculture and allied sectors like forestry and fishing accounts for a significant part of the GDP and continues to be the mainstay of the Indian economy. Food security is a growing need of society and mankind and much emphasis is laid on commercialising agricultural production. Hence, adequate production and even distribution of food have lately become a global concern.

Agriculture has long been seen as a sector with tremendous potential in India. In the last few years, the sector has seen an unprecedented gain with many government and private sector initiatives. Then, changing global norms and increased global competitiveness invite a tremendous need for professional courses in Agribusiness Management and makes it one of the most challenging and exciting sectors to be in, either as a professional or as an entrepreneur. The MBA-Agribusiness program is thus a response to this growing need for professionals, who can contribute to, and engineer the agribusiness revolution. SIIB is recognized as one of the top institutes for imparting an industry-relevant course in Agri Business Management in India.

The MBA-Agri Business programme broadly covers Marketing (emphasis on rural marketing and retail management), Finance (emphasis on microfinance, commodity trading and lending and risk management), Supply Chain Management (logistics in retail), and Taxation. It also details all the relevant and applicable fields of Agriculture and WTO, Agri-export-import and Agricultural Finance. Moreover, at SIIB, a student pursuing an MBA in Agri Business possesses a high level of decision-making skills and can go out confidently into the demanding and dynamic world of Agri Business Management. As they say, the farmer works the soil, the manager works the produce.

**MBA - Energy and Environment**

Energy, the essential resource behind every economic activity is intrinsically as well as extrinsically linked with nature in satisfying the world’s basic needs. The management of this relationship between the energy sector and the ecological environment has become increasingly complex due to a paradigm shift in our perspective and outlook. These are global issues and have found a prominent place in all recent global debates like climate change, resource management, energy security, etc.

The MBA in Energy and Environment programme is a niche domain that is currently offering a lot of opportunities waiting to be tapped. As an Institute of International Business, SIIB believes that strengthening one’s capacity and building in this emerging sector is critical. Therefore, the Institute has taken this initiative to create young professionals who can be an asset to organizations in this crucial area: professionals whose importance will grow at an amazing pace in the years to come. Realizing the need of the moment the Institute launched this unique two years’ full-time residential programme which focuses exclusively on the Energy and Environment sector, in the National as well as global context and addresses the current needs of the industry. The primary objective of this course is to equip aspiring global managers with managerial, economic, legal, political and relevant technical competence. They will serve as experts who provide the crucial link between the world of technology, business and sustainable development.

The programme provides a judicious blend of theory and practice and prepares the students to meet contemporary global needs. The programme has been designed in such a way that it imparts the knowledge of general management and at the same time encompasses sectors namely power, renewable energy, energy efficiency, oil and gas, climate change and sustainable development, green buildings, corporate sustainability, global standards and environmental management, etc. A student pursuing his MBA in Energy and Environment will be able to deal effectively in energy audits, offer solutions in energy conservation and management, sustainability standards, renewable energy business and finance, etc. A good manager knows that Conservation is a state of harmony between man and land.

Orientation and Pedagogy

The approach adopted at SIIB seeks to empower the students to harness their potential strengths and to emerge as positive, well-informed and confident individuals.

The design of the courses is rigorous, requiring an intensive application. The quantum of activities including continuous evaluation, self-study, assignments, numerous group and individual projects and presentations, deadlines for assignments ensure that time management skills are developed.

There is a fine blend of theoretical and practical inputs through faculty drawn from the industry, to ensure that students are industry-ready in their chosen functional areas.

Active participation in various activities ensures excellent people management and organizational skills. Organization of regular guest lectures and workshops by industry practitioners help enhance industry student interactions. Live projects and group exercises as an internal part of the course work bring in much-desired relevance to the learning process. Student-driven co-curricular and extra-curricular activities give enormous opportunities for out of class learning. Service-learning is inculcated through focused courses on CSR and social impact management.

Institute Profile

SYMBIOSIS CENTRE FOR MANAGEMENT & HUMAN RESOURCE DEVELOPMENT (SCMHRD) is a premier institute honing world class leaders and entrepreneurs. Established in 1993, SCMHRD’s MBA programme is one of the most prestigious programmes in India.

SCMHRD specializes in producing quality talent in the fields of HR, Marketing, Finance, Operations, Infrastructure Development & Management and Business Analytics. The institute believes that wholesome knowledge can be gained through experience and practical learning. Hence the intense academic curriculum is designed such that it prepares students to deliver their best.

Apart from academic excellence, the institute also focuses on equipping the students with the latest technical competencies used in the corporate world. It also provides opportunities to develop their leadership and entrepreneurship skills through various student activities and institute initiatives. Association with National Entrepreneurship Network is one such initiative to breed young entrepreneurs.

SCMHRD has become one of the trusted names in the industry for delivering quality at the workplace. This is evident from SCMHRD’s track record of placing its students in the most sought after companies every year. Our unique learning approach combined with the focus on holistic development gives an edge to SCMHRD students and prepares them for the challenging life ahead.

SCMHRD is now AACSB Accredited. This makes SCMHRD one of only 14 bschools in India to have this prestigious accreditation and the only one in Symbiosis and Pune city. AACSB accreditation means that the teaching, learning and research processes are internationally benchmarked and comparable.

Orientation and Pedagogy

“The great aim of education is not knowledge but action.”
- Herbert Spencer

The pedagogy at SCMHRD is a concoction of learning techniques that prepare the students for real world challenges. Classroom lectures at SCMHRD are never a monologue but always a discussion as the students are encouraged to question the common practices and come up with innovative solutions. They are made aware of the different verticals of many industries through Guest Lectures where they get a chance to learn and interact with leaders from various corporate fields. This helps in broadening their perspective and gives them a glimpse of what the corporate world holds for them.

SCMHRD follows a unique way to help its students get acquainted with their batchmates by organizing an outbound learning programme at Surya Shibir every year. A lot of team building exercises are conducted in order to remind them that the first order of action is working together, before working to win. The long and challenging trek followed by a chill-out session where the students sing and dance out their entire tiredness are a few cherishable highlights of the outbound exercise.

On the very first day, as part of the induction programme, students have a session with the Director and heads of various departments who walk them through what SCMHRD has in store for them. Students are also briefed about the importance of gender sensitization in the development of an individual. The initiative of conducting this discussion has definitely proven to be a great start to the journey of the students towards becoming inclusive leaders in future.

Language is not only a medium of communication but also a channel to build relationships and nurture friendships. “Vasudhaiva Kutumbakam”, which means “The world is one family” is entirely true in the post-globalization era. This intensifies the need for future business leaders to be well-versed in at least one foreign language. At SCMHRD, students are given an opportunity to learn foreign languages, thereby preparing them to be world-class leaders.

**Orientation and Pedagogy**

Orientation is an integral part of SIMS. It is now a credit course in the programme structure which is placed as an Experiential Course. It prepares the new MBA students for a life of professional manager & equips them with the strength to deal with the challenges it presents. The duration of orientation programme ranges from 2-3 weeks. The programme starts as soon as students report to college in June. The overall orientation structure is divided in two parts - academic & extra curricular.

In Academic; students attend lectures that covers the basics of subjects for the 1st semester like Accounting, Economics & Business Communication and major topics on Excel and Statistics. The students also attend various guest lectures that range from motivational talks to choosing the right specialization.

The extra-curricular focuses on inculcating good habits. During the orientation the day starts at the early morning. All the students attend basic exercises followed by activities like yoga, sports, dance which focuses on stamina & importance of good health. It also focusses on the Management Games and also the Musical Programme which is a source of stress buster. It focusses on ISR activity which shows the concerned towards the society as extension programme and also Swacch Bharat as a responsibility towards the society.

In the evening students are given assignments to work on. The aim of such assignments is to emphasize on self-learning & peer-learning.

The orientation, even though hectic; equips SIMS students with leadership capabilities, time management, multi-tasking & importance of goal-setting - all the qualities, that SIMS Alumni are known for in the Industry.

**Institute Profile**

Symbiosis Institute of Digital & Telecom Management (SIDTM) (Formerly SITM) was established in the year 1996. We are the pioneers in the field of Telecom Management education in the entire SAARC region. The institute was established in 1996 following National Telecom Policy and liberalization in this sector. SIDTM has always been ranked amongst top MBA institutes in India.

2012: Best Domain-Specific B-School (Bloomberg - UTV)
2014: Top B-Schools for Excellence in India (Competition Success Review)
2015: National Award for Excellence in Telecom (World CSR day & Stars of the Industry Group)
2015: Best B-Schools for Eminence in India (Competition Success Review)
2016: SITM ranked 9th in by CSR in the category of B School of Eminence
2017: Telecom Lead Tech Institute Award in July 2017
2018: Ranked 11th in top private B-School in West Zone by The Week
2019: Ranked 10th in top private B-School in West Zone by The Week

To guide and usher the telecom industry into the next wave of growth, the Government of India 2018 announced the National Digital Communications Policy (NDCP) which was earlier known as National Telecom Policy. According to the NDCP, Digital India is already unfolding. India’s digital profile and footprint are one of the fastest-growing in the world. With over a billion mobile phones and digital identities and half a billion internet users, India’s mobile data consumption is already the highest in the world. At the current pace of digitization and digitalization, it is estimated that India’s digital economy has the potential to reach one trillion USD by 2025. In view of the changes in this ecosystem and the policy changes, the institute name is changed from Symbiosis Institute of Telecom Management to Symbiosis Institute of Digital and Telecom Management and the program now offered is M.B.A. in Digital and Telecom Management.

At SIDTM, we focus on Digital and Telecom management. The curriculum consists of core management subjects and is applied to digital technology management through case studies. “Technology Management” courses include business or managerial aspects of digital, telecom, and information communication technologies and also emerging areas such as Analytics, Internet of Things (IoT), Financial Technologies, Smart devices, Cloud Infrastructure, Datacenter, Cybersecurity, Mobile applications, Digital Marketing, and Blockchain, etc.

SIDTM has over 2400+ alumni who are making their mark in the industry as Business and Technical Consultants, Network Managers, Project Leaders, Business Development Managers to name a few. Many of our senior alumni are holding senior management positions such as CEO, Director, Vice President, Head of business units and functional areas, Country Managers, and Entrepreneurs. Apart from the telecom sector, alumni are contributing to the Digital Technologies domain cutting across industries and sectors such as Media and entertainment, Banking, Consulting, Fintech, IT and ITES, etc. A sizeable number of alumni are working for large MNCs and are based in various regions across the globe.

SIDTM is a constituent of Symbiosis International University (SIU) established under Section 3 of the UGC Act 1956, by notification No. F 9-12/2001-U 3 of the Government of India.

**Program Profile**

Orientation and Pedagogy

The institute believes in techno-managerial aspects of the business. The learning is student-centric and experiential in nature. It includes:

Classroom Training: The spirit of classroom teaching encompasses the fundamentals of theoretical and conceptual learning. It extends its traditional boundaries into the world of interactive learning through case studies, assignments, quizzes, and mock presentations by the students.

Group Learning: The students are grouped into syndicates, which encourages a free exchange of ideas. We strongly believe that syndicate learning is vital for creativity. This activity encourages students to understand group dynamics and then perform in groups.

Dynamic Curriculum: The course structure, academic curriculum, and examination process is continuously upgraded. To address the existing needs of the industry and following the academic portfolio, SIDTM has a “Program Review Committee” consisting of senior management professionals from industry, alumni, and academicians.

Guest Lectures: Guest Lectures offer students a chance to interact with professionals not only from the IT and Telecom industry but also from various other fields. Their inputs enable our students to get insights into the corporate world.

Simulations: Simulations are used in a few courses to get overall exposure to various aspects of learning. The simulations include telecom simulation, network simulation, and business simulations. It becomes a part of experiential learning.

Lab Teaching: The lab is extensively used for a few courses such as network, analytics. SIDTM has an IBM Analytics Lab, CISCO Lab, and Amazon Web Services Lab. It is also a part of experiential learning.
Workshops: The inputs from the speakers in the guest lectures are contributed by the industry leaders on a wide range of topics involving managerial, technical, and personality development which expands the horizon of knowledge. This process yields the much-needed inputs for adding a value proposition to the portfolio of a student at SIDTM.

Summer Projects: The Summer Internship at SIDTM is for a period of 8 to 10 weeks starting generally in the first week of April after the Second Semester. During the internship, students are required to be with the Industry on a full-time basis. The students prepare a detailed project report which describes the entire gamut of activities covered during their internship with the industry as well as the skills that they acquire while working with them. This is an integral part of the curriculum and the student is evaluated for the same. At SIDTM we cater to majorly seven verticals.

Research Projects: To inspire thought and initiate the in-depth study in various areas of business and technology, a research project is allotted to each syndicate. This project is conducted for over 10 months. The research project primarily relates to the techno-managerial aspects of the business. It involves studying the technical aspects along with business issues and commercial viability.

Industry Projects: In a few cases, due to industry-institute collaborations students can undertake live projects under the mentorship of faculty members.

Industrial Visit: The students are expected to visit industries in the telecom sector as a part of the learning process.

Internationalization: As a part of internationalization, students are allowed to visit foreign Universities / Institutes as per SIU guidelines. The students are given credit change as per SIU rules.

Continuous updating of curriculum with the consent of corporate mentors and keeping abreast with the latest has been the trend at SIOM. This quest for the best paved way for several laurels like “B-School with the Best Industry related Curriculum in Operations Management”, “B-School Excellence Award for Innovative, Modern and Industry related Curriculum B School” ‘Award for Industry related curriculum in Operations, Business School with Best Academic input (Syllabus) in Operations & Manufacturing, Procurement Excellence Awards and many more since its inception every year by reputable Institutions. SIOM received the “The prestigious Education Excellence Awards 2018” by “Confederation of International Accreditation Commission forum, Delhi.

Other than imparting the best of curriculum the Institute carefully chooses workshops and certifications for developing expertise and competencies like the Six Sigma Black Belt Certification by KPMG, SAP modules, under the SAP University Alliance Program, APICS Supply Chain / Demand Management / Operations Strategy, Supply Chain Models and International Logistics workshop every year. Realizing the fact that along with the niche expertise in operations overall understanding of Business Integration would only contribute to further building competencies in the allied domain, SIOM introduced electives in functional areas of Finance, Marketing, Human Resource, Project and Information Technology but with the focus of Operations.

This industry orientation has attracted companies like Deloitte, PwC, Amazon, 3M, IBM, BOSCH, Cummins, Tata motors, GE, Phillips ITC, Novartis, Swiggy, KPMG Accenture, and other leading corporates from different sectors like Manufacturing, Consulting, BFSI, IT/ITes, FMCG, Retail, Logistics, Retail, Mining, Pharmaceuticals and Infrastructure to participate in the placement process.

Orientation and Pedagogy

Orientation

MBA (Operations Management) is designed exclusively for Engineers to meet the needs of diverse sectors of economy. The course is oriented to fill in the void of operations competencies needed to successfully drive businesses through the complex dynamics of the global economies.

Briefly, SIOM is an Institute that is dedicated to the creation of operation managers who are proficient at improving an organization’s operational performance by minimizing ‘defects’ in the manufacturing and service-related processes. Inspired by the motto of the institution ‘Empowering and leading Operations excellence for Industry excellence and community wellbeing’, engineers who step out of the SIOM portals and stride into the corporate world, prove to be prized assets for modern day organizations. The sectors open for career in operations are Manufacturing, Consulting Firms, Retail, Financial Institutions, Transportation and Logistics, Construction, Information Technology and Hospitality. Students are equipped to attract strategic job profiles in Process Improvement and Management, Developing, Implementing and forecasting strategies, Supply chain network designing and Optimization, Supplier demand management, Procurement, Demand forecasting, Quality Management, SCM Consulting, Process Improvement, Client Service Manager, and many more given the capacities and expertise gained during the course.

Highly advanced and Industry relevant state-of-the-art course with balanced understanding of technical-analytical and organizational-behavioural aspects of the market makes this program unique.

Pedagogy

Our program is strongly research oriented and the curriculum emphasizes early involvement of our students in research based projects. Case discussion, research papers Simulations and live projects are the major part of pedagogy apart from games, role plays and activity oriented assignments that aid in students conceptual clarity as well as practical application of

Institute Profile

Ever since its inception in 2008, Symbiosis Institute of Business Management, Bengaluru has been striving to achieve excellence in imparting Management Education. The Institute believes that the demand from the corporate is for “techno managers” who embrace technology and analytics while excelling in their domain areas. The dynamic curriculum and rigorous academic practices at SIBM Bengaluru incorporate this industry expectation into a teaching-learning process.

Management education is expected to provide the skills, knowledge and experience to make sound decisions in a complex and ever-changing business environment. SIBM Bengaluru envisions a management education with a “Quantitative difference” by focusing on data analytics across all programmes. At SIBM, Bengaluru the decision-making skills of the students are enhanced with the use of Harvard cases, simulations and core curriculum. Technology has been further integrated into the curriculum with an all-encompassing learning management system and flipped classroom model. Data driven decision making skills are imparted by including training on software applications like R, Python and Tableau. The Institute hosts a diverse set of databases like Bloomberg and CMIE Prowess to facilitate access to financial and economic data for robust analysis.

The Institute firmly maintains that learning goes beyond the classroom and organises regular student-industry interaction through guest sessions and corporate events. Industry interface is further strengthened by live projects and summer internship programmes. Continuous and close interaction between Academia and industry has intensified the trend of getting SIBM-B students industry ready. Incorporation of industry feedback into curriculum and teaching-learning process help us in successfully bridging the gap between industry expectation and graduate outcomes. The dividend for successful integration of industry expectation has been paid off in the form of diversified placement profiles and better packages.

Vibrant student committees and clubs complement the programme by providing a platform for the students to nurture their leadership skills. Apart from training the students to acquire the knowledge and skills to excel in their professional lives, the institute also focusses on developing the right values and attitudes among the students through various social responsibility activities.

Erudite and accomplished faculty members at SIBM Bengaluru spearhead the process of transforming students into techno managers. Faculty team consists of a unique blend of professionals with rich industry experience and research accomplishments. They hail from top B-Schools in the country including IIMs, ISB etc.

Master of Business Administration (MBA)

The MBA Program at Symbiosis Institute of Business Management Bengaluru (SIBM-B) aims to mould and groom future business leaders.

The first year of the MBA program is divided into two semesters comprising of the foundation subjects of management such as Economics, Accounting, Statistics, Strategy, Marketing, Operations, Organizational Behavior, Finance, Human Resource Management and others. At the end of the first year, the students go for SIP (Summer Internship Program) for duration of 8 weeks. It offers an opportunity to students to get exposure to the corporate world and to put their learnings into practice.

The second year of the program (comprising of third and fourth semesters) offer students a chance to specialize in their area of interest. The specializations offered are

UTTHAAN
(31st August 2019)- A Funfair event conducted for underprivileged children

UTOPIA 2019
Finance, Marketing, Operations and Human Resource Management. Apart from the specializations, students are also encouraged to choose electives outside one's area of specialization.

**MBA (Quantitative Finance)**

MBA in Quantitative Finance (MBA QF) is an offspring of the ‘Quant Revolution’ led by Mr. Jim Simons that disrupted the financial markets in 1980s. The revolution was brought about when a group of scientists started applying techniques such as stochastic calculus and probability theory, once reserved for advanced scientific research, into the area of option pricing & financial modelling and found a way to beat Wall-Street emphatically. This led to the genesis of Quantitative Finance – a field that combines Finance & Advanced Math & Statistics like never before. The financial markets generate a vast volume of data on a daily basis. Due to this, quantitative skills have become more important for executives to understand the models and to make right predictions. At SIBM-B, huge emphasis is placed on the usage of real-time data to make the learning holistic. The right technological infrastructure is in place and is equipped with multiple Bloomberg Terminals with 24/7 access, online databases like EBSCO, Emerald, JSTOR, Prowess etc. to facilitate the same. There is also a Data Lab with platforms like R, SPSS, Tableau & Python for incisive data analysis.

**MBA (Business Analytics)**

The big data and data analytics industry will be a multi-billion industry by 2023. In 2017 itself, a McKinsey report stated that a shortage of millions of data and business analysts is keeping the modern business enterprise machine away from peak performance. With the tsunami of data generated on a daily basis, executives have to incorporate IT skills to their arsenal to take well informed decisions. The MBA programme in Business Analytics (MBA BA) at SIBM Bengaluru, empowers managers to take data driven decisions and steer the business in a successful direction. Business management and analytics is an unbeatable combination that has made modern enterprises more competitive and has streamlined their decision making. An MBA(BA) graduate will develop expertise in several Data analytics tools to derive insights to solve a myriad of business problems. This requires end to end knowledge of platforms like R, Python, SPSS – all of which are present at the data lab at SIBM B. The institute also boasts of Bloomberg terminals and online research databases like EBESCO, Emerald, Jstor and Prowess.

Director
Institute Profile

Symbiosis School of Banking & Finance was established in the year 2010 to address the growing demand for trained workforce in the Banking and Financial Services Sector. Given that a strong and resilient banking system is critical for fuelling and sustaining growth, the importance of having industry-ready manpower cannot be over-emphasized. This programme - MBA (Banking and Finance) has been designed to provide the necessary education and skill-sets to equip students to innovate, manage, lead and take on the challenges of this increasingly complex and dynamic sector. SSBF is committed to providing an environment that facilitates learning and development of well-rounded personalities such that they leave the portals of the institute as industry-ready professionals.

The exponential growth of the banking and financial sector in this competitive era has opened up varied career roles. Starting from the Financial and Business Analytics to Assets Management, today the students have numerous options to choose from. SSBF changes its programme structure regularly making it even more industry relevant based on inputs from industry experts. Our MBA also offers in depth knowledge, encompassing the multiple aspects of the Banking, Financial Service and Insurance (BFSI) industry. We focus more on – inculcating adaptability in students, making them lifelong learners.

In order to ensure that the students are ready to take up the challenges posed by the corporate sector, SSBF also incorporates industry relevant certifications such as CCRA recognized by the RBI, Bloomberg Market Concept and NISM certifications etc. as a part of its curriculum. To facilitate students in getting an industry exposure, they have to mandatorily undergo an internship of two months with a bank, NBFC or a corporate house. To hone the research and analytical skills, students also undertake a dissertation project where they work on a topic of their interest under the guidance of a faculty mentor.

Guest lectures by international faculties are also arranged regularly to broaden the outlook of the students. In order to inculcate the spirit of teamwork and improve their leadership skills students have to be a member of at least one committee like Institute Social Responsibility (ISR), Corporate Interface Team (CIT), E-Cell, Public Relations, Sports, Alumni and Placement to name a few. Students are also encouraged to participate in various extracurricular activities, Institute Social Responsibilities (ISR) activities, cultural and sports events to develop personality and grow personally and professionally. Mock Group Discussions – Personal Interviews are arranged for the students which are conducted by industry experts. Special sessions on Interview and Soft Skills are also arranged. SSBF encourages students to appear for examinations of Reserve Bank of India (RBI) and various other Government institutions to give substantial contribution in the growth of our country. Students are encouraged to pursue professional courses such as CFA, FRM and CFP.

Programme Profile

The MBA (Banking and Finance) program is designed with an objective to disseminate relevant knowledge and provide skills to students such that they function effectively in the challenging environment of the Banking, Finance and Insurance (BFSI) sector. The programme develops future BFSI leaders with requisite skills through robust curriculum and collaborative initiatives to excel in the dynamic global environment.

### Orientation and Pedagogy

The classroom environment is interactive where participative learning permits a free flow of ideas between faculty & students. Members of the faculty facilitate this by adopting a wide variety of teaching-learning methods such as group discussion, case studies, presentations, analytical sessions, seminars & formal lectures. Wherever applicable, the theory is amply complemented through simulations and experiential learning and in a nutshell provides an excellent platform for honing management and leadership skills.

Banking and Finance being a specialized domain the role of faculty members becomes instrumental for the students’ academic and professional progress. The role of faculty in a class room is more of a facilitator role imparting and building the theoretical foundation of the field and stimulating learners to think critically in practice. Student exchange programs with international universities like Berlin School of Economics and Law (BSEL)- Germany, Macquarie University-Australia, Leibniz University-Hannover, University of Bremen-Germany, Steinbeis University-Germany, Nanyang Technological University- Singapore also enable students to get an international exposure and become internationally acclimatized. Semester exchange programs empowers students to multifaceted learning approaches and generates interest in cross cultural and global issues unleashing them to new knowledge horizons.

Faculty at SSBF are qualified and experienced academicians. Most of the faculty members served in the industry who are committed to excellence in teaching and research. The faculty cohort is a healthy mix of both academicians and ex bankers which give the students the best of both: theory and practical experience.

Courses are taught by means of numerous pedagogies for assessing the student’s depth of understanding and decision making. Active learnings, collaborative learning and experiential learning is emphasized at SSBF thus the teaching methods include Role plays, Case Studies, Field Work, Scenario Analysis. Various activities are conducted by faculty with the help of students such as financial literacy workshops for undergraduate students of other institutes, live projects, simulations, problem solving exercises, participate in competitions, field visits, research paper discussions, article / report writing, financial and statistical lab activities. Usage of online resources is an integral part of the curriculum.

The curriculum also encompass courses on Design Thinking and Forensic Accounting from coursera. Blended learning integrates theoretical and practical applications through digital tools: R software, SPSS, Bloomberg, Capitaline and Gieom which enhances the learning experience. Online collaborative platforms are embedded in the curriculum for providing technology enabled learning environments and developing non cognitive competencies. SSBF has partnered with AIWMI to offer the prestigious global certification-Certified Credit Research Analyst (CCRA™) which is recommended by RBI. Apart from this, various other
certifications like Certified Investment Research Analyst (CIRA™), Certified Private Banking Manager (CPBM™) are also offered. These are comprehensive global level education programs designed to give an expert level understanding of banking, credit markets and other varied aspects in the finance domain. SSBF has partnered with EduCBA for providing almost 700 online finance modules. They are embedded in the curriculum.

Faculty members invite industry experts during their classroom session to provide the practical applications of the theoretical concepts. These methodologies have increased the academic rigor and have proven effective in disseminating and integrating knowledge amongst the learners. Industry academia interface exposes the students to apply the knowledge acquired in classroom to the real life situations and keeping them updated on the latest developments in the domain.

The institute has a healthy faculty student ratio. Beyond classroom faculty is a mentor to the students, effective mentoring results into rewarding experience for both faculty and students. The focus of mentoring at SSBF is on psychological support, advancement in the academic career and professional development of mentee.

Institute Profile

Symbiosis Institute of Business Management, Nagpur is a Constituent of Symbiosis International (Deemed University), (SIU). An off-campus institute of SIU, SIBM Nagpur has been established with the aim of imparting world-class education to students and transforming them into top-notch business leaders. It will offer, to begin with, a two years’ full time MBA program with an option to specialize in Marketing, Finance, Operations or Human Resource. The Institute will later on add additional programs after taking due approvals from SIU.

Being part of huge 75 acre beautiful Campus, SIBM-Nagpur has state-of-the-art infrastructure and world class facilities for all-round development of students. The MBA program will be fully residential, with excellent hostel facilities, including wi-fi and air conditioning.

SIBM- Nagpur has the unique advantage for being situated in the upcoming educational hub of Maharashtra and in the vicinity of MIHAN Project of Government of Maharashtra, with a huge Special Economic Zone alongside. These projects are expected to house various export oriented units like I.T industries, gems and jewellery, garments, electronic goods, pharmaceuticals, processed foods and many other type of industries. Students will get enormous opportunities for internships, and live projects. Proper Placement assistance is offered to the students, and Placements for the first batch have started on a very promising note, with packages being offered currently from ₹8.0 lakhs to ₹12.0 lakhs.

The Institute was originally to start with an approved intake of 120 seats, which was later enhanced to 180. 25% seats are reserved for Nagpur domiciled candidates. The Institute for the year 2020-21 has met with an outstanding response from students. It offers 4 specializations: Marketing Management, Financial Management, Human Resource Management, Logistics and Supply Chain Management. From the year 2021-22, it will also offer a Post Graduate Diploma in Aviation Logistics, with an intake of 30 seats, as also Master of Business Administration (Executive) with an intake of 60 seats.

Orientation and Pedagogy

Multi-faceted Learning
At SCIT, we believe in the new realization that exams are only a purpose of learning and true learning is actually a journey to explore knowledge. SCIT look at post graduate education with a view to create “Learnability” in a student that stays with him life long and does not wither with a degree in hand. SCIT lays importance on a students’ all round development with a focus on academics as well in all its residential programmes. The holistic programmes build strength and create a framework to enjoy life as professionals and as individuals.

SCIT strives to make paradigm-shift from exam orientation to knowledge orientation. SCIT believes in the practice of consolidation, where in the core elements of academic rigor and academic discipline are closely knitted by Research, Student Orientation, Brand Building, Corporate Interface and Process Automation. To realize the shift SCIT has taken towards creating evaluation methodologies from concept building through application development and not necessarily just elaboration on theory. SCIT emphasizes that academics should trigger research and research should drive academics.

At SCIT, a semester pattern, i.e., 2 terms per academic year is followed. At the beginning of the term, the syllabus along with the names of reference books, authors and the evaluation policy is communicated to the students. No text books are prescribed as students are expected to explore and learn by referring to books, implementing concepts in the labs and collecting references from the internet & peers, analysing and problem solving through case studies etc.; SCIT also has a digital library with a spectrum of e-books and magazines. SCIT’s evaluation policies has term end as well as continuous evaluation. The continuous evaluation is carries out continually and consists of any combination of several components such as projects, lab tests, presentations, whitepapers etc. the main objective here is to evaluate learning.
Internships

Internship in the industry is an integral part of the 2-year academic programmes at SCIT. It provides excellent opportunities for SCIT students to get a first-hand experience of business realities. Before working as interns, SCIT students work on pilot projects, a replica of what happens in the industry. This enables them to make a quick start in learning from the “LIVE” environment during an internship project, a new perspective that a classroom cannot be generated. In the past, most of the SCIT students have worked with reputed companies and have contributed significantly; some have even travel abroad for live projects.

**Master of Science (Nutrition and Dietetics) MSc (Nutrition and Dietetics)**

Symbiosis Institute of Health Sciences (SIHS) offers M.Sc. Nutrition and Dietetics, a two year full time programme. The programme currently offers three specialisations such as Public Health Nutrition, Clinical Nutrition and Dietetics and Nutrigenomics. The specializations would provide focused and career-specific programme in selected areas to equip the students with mandatory skills with greater career prospects. In addition, the programme will provide students with opportunities for experiential, skill development-based training in the selected fields of Nutrition and Dietetics. Further the programme offers an excellent exposure to community-based, hospital-based and laboratory-based hands on training apart from internship and dissertation.

**Master of Science (Medical Technology) M.Sc (Medical Technology)**

As technology advances and better investigative and treatment options are introduced, the need for professionals equipped to handle newer diagnostic modalities are on the rise. The ever changing & ever expanding horizon of the health care sector demands formal training programmes in all its allied areas. The diagnostics sector, today is witnessing a tremendous growth in terms of volume and sophistication. With increasing advances and super specialization, the scope for tomorrow’s technologists does not remain limited to just routine tests. Advanced complex instrumentation & equipment require technocrats not only to operate but also to care & maintain them as well. These experts have to possess a strong scientific foundation & be able to perform at a much higher level than the traditionally trained technicians of the past. The students thus trained in the technological aspects of medical care with a good scientific foundation will be in a position to
competently assist the Physician or Surgeon, especially in high-tech medical procedures to cater to the health care industry globally.

**Specializations**

The programme offers specializations in the following areas:

1. **Cardiac Care Technology** : The Cardiac Care Technologist is responsible for direct and indirect patient care, haemo-dynamic monitoring, equipment set up and operation. They assist the physician during cardiac procedures and assume responsibility for completion of other cardiac lab functions.

2. **Respiratory Therapy** : The Respiratory Therapist is a key member of the medical team, specializing in diagnostics, treatments and procedures in the care of patients with respiratory problems. They evaluate, treat, and care for patients with breathing disorders.

3. **Dialysis & Renal Technology** : Dialysis Technologists operate machines that remove waste and excess fluids from the blood of patients whose kidneys can no longer carry out those functions satisfactorily. The programme is designed to provide competencies & technical skills necessary in the field of dialysis.

4. **Imaging Sciences Technology** : Imaging Sciences Technologists are health professionals who facilitate diagnosis and management through the creation of medical imaging modalities like X-ray, Ultrasound, Magnetic Resonance and Computed Tomography.

5. **Clinical Lab. Technology** : Clinical Lab. Technology is concerned with the analysis of biological specimens to support diagnosis and treatment of disease. Laboratory Technologists perform a full range of laboratory tests, the information of which influences the medical treatment a patient will receive.

6. **Operation Theatre and Anaesthesia Technology** : The Operation Theatre and Anaesthesia Technologist is responsible for direct and indirect patient care, equipment set up, Pre, Intra & Post-operative procedures.

Orientation and Pedagogy

M.B.A
(Hospital and Healthcare Management)

SIHS adopts a blend of traditional as well as contemporary methods of teaching. In addition to the regular classroom didactic lectures students are given exposure to the industry through summer internship projects, Public health sector training and industry interactions. Students plan and organize various healthcare events. An integral part of the programme is the experiential learning at Symbiosis University Hospital & Research Centre (SUHRC) which is located within the SIU campus at Lavale, Pune which enables students to learn the practical intricacies of healthcare management.

Synchronous and asynchronous mode of learning, Didactic Lectures, Summer Internships, Self-Study, Guest Lectures from Academia and Industry, Workshops, Seminars, Case studies, Projects, Dissertations, Assignments, Training Need Analysis, Presentations, Role Plays, Demonstrations & Simulations etc., on- field visits are important part of the conduct of the programme.

Master of Public Health

MPH program leverages the advantage of 6 faculties at SIU beyond the core Faculty of Health Sciences viz. Faculty of Humanities and Social Sciences, Faculty of Management, Faculty of Law, Faculty of Engineering, Faculty of Information Technology and Faculty of Media, Communication and Design.

Curriculum of the MPH program @ SIU is a mix of courses specific to each faculty to attain knowledge, competencies and skill sets (including values) involving diverse and innovative pedagogies and instructional designs to develop a competency driven MPH program with emphasis on problem solving, case based learning which will help produce MPH graduates for the 21st century. One of the hallmarks of the program is its research rigor & intensity. The emphasis would be to impart transformative learning. MPH has an important component of experiential learning where SCOPE and SUHRC facilities play a significant role.

Master of Science
(Nutrition and Dietetics)

The programme well laid out with innovative, hands-on and skill-based teaching processes with the use of appropriate multimedia support to ensure effective learning for students. PowerPoints, Audio-video teaching materials, and practical sessions enhance the effectiveness of learning.

The current COVID-19 pandemic scenario ensues online teaching and learning process. The Faculty members are competent and trained to use state-of-the-art online platforms to conduct web-based teaching practices to provide the best experience to our students. Different methods of teaching and evaluations ensure seamless learning opportunities. Additionally, the value-added courses and special guest lectures from eminent personalities offer complementary learning opportunities. Together, varieties of specialised courses included in the curriculum groom students for their future career.
M.Sc (Medical Technology)

The program is formatted such that apart from the classroom didactic lectures, students spend a substantial amount of their learning time in various departments of tertiary care hospitals in Pune related to their specialization. They are exposed to actual hands on practical training under the mentorship of experienced healthcare professionals. Each student works on a research topic entitled as ‘Dissertation’, which helps to develop their research skills. Students are given opportunities to attend conferences that focuses on their professional and personal skills development. Students are trained to be efficient professionally in diverse opportunities like academics, research, industry, hospitals, entrepreneurship etc. Students also participate actively in a number of co – curricular & extra-curricular activities that develop their self-confidence and ability to realize his/her full potential.

Eminent guest faculty further enriches the course content. Innovative teaching methods and sessions contribute to all round personality development in addition to academic excellence and practical competencies.

• Theory and Principles of Peritoneal Dialysis
• Investigations in Renal Diseases
• Patient Care in Renal Technology
• Applied Management in Renal Care Unit

Electives : Imaging Sciences
• Techniques in Magnetic Resonance Imaging (MRI)
• Applied Management in Radiology Unit
• Cross-Sectional Anatomy (CT, MRI)
• Techniques in Computed Tomography (CT)
• Imaging Equipment (III)-Magnetic Resonance Imaging (MRI)

Semester : IV
Core Courses
• Dissertation
• Pathology and Case Presentation-III
• On Job Training
• Teaching Methodology -IV

Electives : Cardiac Care
• Peripheral Catheterization
• Intensive Cardiac Care Unit (ICCU) and Cardiopulmonary Resuscitation (CPR)
• Recent Advances in Cardiology
• Quality Assurance, Standardization and Accreditation (Cardiac Care)

Electives : Respiratory Therapy
• Emergency Medical Services-II
• Neonatal and Pediatric Respiratory Care
• Critical Care Medicine-III
• Quality Assurance, Standardization and Accreditation (Respiratory Therapy)

Electives : Clinical Laboratory
• Newer Diagnostic Techniques
• Immunology
• Cytology
• Histopathology

• Quality Assurance, Standardization and Accreditation (Clinical Laboratory)

Electives : Operation Theatre & Anaesthesia Technology
1. Procedures in Orthopedic and Trauma Care
2. Transfusion and IV Therapy
3. Critical Care Services
4. Recovery Room and Day Care
5. Quality Assurance, Standardization and Accreditation (OT and Anaesthesia)

Electives : Dialysis & Renal Technology
• Theory and Principles of other Renal Procedures
• Recent Advances in Renal Technology
• Quality Assurance, Standardization and Accreditation (Dialysis and Renal Technology)

Electives : Imaging Sciences
• Picture Archiving and Communications System (PACS) and Radiology Information System (RIS) & Teleradiology
• Advances in Medical Imaging
• Special Investigations and Techniques
• Quality Assurance, Standardization and Accreditation (Imaging Sciences)
• Calibration and Quality Control in Computerized Tomography (CT) & Magnetic Resonance Imaging (MRI)

**Orientation and Pedagogy**

At SSSS we help our students learn how to learn and to think critically about both content and process. For teaching and learning to be relevant and effective, we focus on learning instead of teaching, on the process of learning rather than its product. Further, we include relevant industry experience, and involve participation in the practices of the community of sport management.

Industry immersed faculty expose students to contemporary issues in sport management and allows them to debate and critically examine existing practices within the sports industry. The methods include case studies, simulation exercises, class room presentations, Group discussions, Seminars and experiential learning for developing real-world skills such as critical thinking and analysis.

The curriculum is progressive and continuously evolving, and provides the structure for the provision of quality learning. Comprises high quality, relevant and appropriate ‘content’ and contributes to the development of competence.

Dr. Ruchi Kher Jaggi
Director
**Institute Profile**

SIMC is a premier Media and Communication School nurturing and developing future leaders in the following:
- Journalistic and Creative Pursuits : MA (Mass Communication)
- Managing Creative Businesses-MBA (Communication Management)

We bridge the traditional and the contemporary; with our feet on the ground and fingers on the pulse. That is why our curriculum has both research and digital tracks built into it. We have carefully built an ecosystem that allows for contrasting opinions, methods and processes to co-exist and deliver. Co-locating instruction, exploration, process and instinct, we believe, is a good mix for academic progress. We are also the country’s largest Post Graduate institute in the Media and communication space.

Orientation and Pedagogy

SIMC endeavors to create skilled and trained media professionals to suit the dynamism of the creative businesses’ industry with its media communication courses. In order to gain a holistic perspective of the fast-changing trends in the market, classroom sessions are aided by live case studies and opportunities to work on industry projects. The students are encouraged to develop a research mindset under the guidance of experts who elaborate on research and its advancements in specialized domains. The courses under the MA (Mass Communication) programme are designed with a focus towards technological and structural developments in the media industry. Similarly, the institute has integrated digital courses across all four specializations of the MBA (CM) course namely Brand Communication, Public Relations, Media Management and Marketing & Media Analytics. Thus SIMC’s pedagogy is fourfold: theory, case studies, research and practical applications.

Fee Structure

At SIMC, we ensure that the learning is not limited to the classroom and to live up to the promise, we arrange for visiting faculty and industry expert symposiums. One of the unique features of the pedagogy is, connect the curriculum with the industry where a large percentage of the sessions in a course are taught and the courses are validated externally, which also involves activities that require students to move beyond their comfort zones.

Constant innovation and blended learning are our mantra which is fuelled by the feedback, conducted at regular intervals, for faculty and students.

SIMC, thus believes in engaged pedagogy that welcomes the students to contribute with their point of views in front of the class. This process not only brings to focus the various perspectives of several mindsets, but also makes learning an informative as well as a transformative experience.

The assessment too, following Bloom’s taxonomy, is done in a way that makes sure that the students get to understand their strong and weak points, so as to assure an improvement in their performance in the days to come.

All in all, with an experienced faculty pool and prominent media personalities as guest lecturers, the delivery of the media communication courses is crisp and well defined that provides foundational and experiential knowledge of the media industry.

Institute Profile

Symbiosis School of Media & Communication, Bengaluru, (SSMC-B) established in 2009 has carved a niche in the field of Media and Communication education through its MBA program in Communication Management. Our research-oriented faculty equip our media trainees with tools and techniques of strategic media communication including digital strategies to have a competitive advantage as professionals in today’s dynamic media world. This programme is structured to keep students at the forefront of modern media and management practices through innovative pedagogy blending theoretical knowledge with practical application. Hands-on experience through practical workshops, real challenges, and real-time industry projects working alongside industry professionals as mentors, our students develop skills ready to succeed in this increasingly competitive sector, making them highly employable.

The modern infrastructure, including a dedicated Media Lab with industry acceptable software, caters to the needs of students. SSMC-B aims to serve the multi-faceted needs of the media and communication industry in particular, and the society in general, through education, training, research and advocacy. It seeks to train students to be competent, responsible and innovative professionals in the media industry sector, through a program structure that offers students an academic rigour blended with industry inputs.

Programme Profile

Orientation and Pedagogy

The academic session begins with an orientation where students are exposed to a series of lectures by professionals giving them an overview of the media industry, besides team building interactive games and exercises. A workshop on emotional well-being is part of the orientation process. The academic program is highly engaging delivered through an interactive pedagogy that includes group discussions, case studies, seminars, workshops, industry projects and internships that enhance the industry-academia interface. Social responsibility project that sensitizes future communication professionals to societal issues and needs, is an integral component. Continuous teaching-learning evaluation is conducted through assignments that help students raise the bar for themselves and at the same time be updated with the latest in the media sector. Mandatory industry internships and industry projects groom our media trainees for final placements. Equal emphasis is laid upon co-curricular activities channelized through specialization aligned clubs and sports making them well rounded professionals with the right skills and attitude towards their chosen profession.

The Installation Ceremony 2019 of the Students Council is a ceremony at SSMC-B, where the former Student Council formally delegates the responsibility to the newly appointed Student Council. The new Student Council thereafter takes an oath with utmost sincerity and pledges to work for the betterment of the institute.

Director
Institute Profile

Symbiosis College of Nursing (SCON) was established in the year 2007 with an aim to create leaders in the nursing profession by providing unique, innovative Programme that are responsive to the market needs. SCON is recognized by Indian Nursing Council, New Delhi and Maharashtra Nursing Council, Mumbai & affiliated to Symbiosis International (Deemed University). The programme offered by SCON ensures numerous career avenues for a graduate and postgraduate nurse in the healthcare industry across the world. SCON is associated with its state of the art parent hospital to provide necessary ‘hands-on’ clinical and para-clinical experience necessary for the students pursuing hospital based academic Programmes. Symbiosis College of Nursing thus aims to create a benchmark in nursing education in India. The overall aim of nursing programme is to prepare a graduate nurse to work as a frontline worker in the clinical, community areas, research facilities & educational arena.

Symbiosis College of Nursing (SCON) is attached to the parent hospital - Symbiosis University Hospital & Research Centre (SUHRC) as per the Resolution No. A2: BoM: 09.09.2020. As per the Notification - SIU/U – 28/924 dated 29.1.2020, the College is relocated on the following address.
**Programme Profile**

**Name of the Programme:**
Master of Science in Nursing (M.Sc. Nursing)

**Intake:** 35 Students

**Specialties offered:**
1) Medical Surgical Nursing – 05 Seats
2) Obstetrics and Gynaecological Nursing – 05 Seats
3) Mental Health (Psychiatric) Nursing – 10 Seats

Starting with initial work on Single Cell Proteins (SCPs), Yeast Diversity and Systematics (Doctoral), Dr. Rale shifted to “anaerobic world” during his first PDF at Gottingen, Germany, working on intricacies of acetone-butanol fermentation using whey as a feedstock. This research published in Applied and Environmental Microbiology (1986) is a landmark paper and is referred in almost all publications related to acetone-butanol fermentation even as of today. Upon his return to Pune in 1984, he was invited by University of Pune (now SPPU) to an initial assignment as Reader with subsequent selection as Professor and Head of Microbiology. In just 10 years at SPPU his humongous contributions elevated the Department from an incipient stage to a world-renowned status. Dr. Rale during this time enjoyed several major and minor postdoctoral and consultancy stints in Germany and United Kingdom in diverse fields including indigenization of biotechnologies. Subsequently, Dr. Rale initiated his own start-ups in the core Microbiology (Consultancy, Production of Microbial Biomass, Technology Development and Knowledge Transfers, etc.) and Food Sciences (Fruit yoghurts, Spreads, Fruit Preserves, etc., first-time import substitutes in India) arenas which achieved prominence and recognition in the industrial fields. Continuing his interests in the ‘practicing’ world, Dr. Rale reentered into research and academics in 2008 with a stint at Deccan Education Society (Fergusson College, Pune as work place) as Research Director with multiple responsibilities before joining SSBS in 2014. With versatile and rich experience spanning over more than 45 years - in teaching, research, consultancy, administration, and techno-entrepreneurship and an excellent interface with premier teaching and research institutes and diverse industries, Dr. Rale accepted the challenge of playing a second innings. Under his leadership SSBS has achieved, in a short span, a distinct place in the subject domain in teaching, research (extramural funding from Government), consultancy and industrial interface (industry funded projects to develop knowhow and biotechnologies).

Institute Profile

Symbiosis School of Biomedical Sciences was established by Symbiosis International University (SIU) in 2011 under the Faculty of Health Science (formerly Faculty of Health and Biological Sciences) to address the need for a school devoted towards training, research and development in the field of biomedical sciences and biotechnology, and forming an interface with the healthcare sector.

The school was renamed as Symbiosis School of Biological Sciences (SSBS) in 2017 to accommodate other contemporary research areas in biological sciences. SSBS has a very strong research foundation with an excellent publication profile and numerous research grants awarded by the public and private funding agencies. Along with the masters programs, the department also offers doctoral program in Biotechnology. Needless to say, the research activities at SSBS are empowered by excellent laboratory infrastructure built through intramural and extramural support.

Research at SSBS

Areas of research at SSBS include but are not limited to Microbiology and Bioprocess Engineering, Stem Cell Biology, Metabolic Diseases, Food Biotechnology, Biotransformation of Xenobiotics, Quorum Sensing, Glycation modifications in diabetes and complications, Avian Virology, Immune regulation, antibody mediated responses, and Multi-omics analysis of complex diseases. Other than the intramural support, SSBS is funded by various government agencies such as Department of Biotechnology (DBT) and Department of Science and Technology (DST), New Delhi and Board of Research in Nuclear Sciences (BRNS), Mumbai. Equipment grant has also come from German Academic Exchange Service (DAAD, Germany) and from Serum Institute of India, Pune.

Research facilities

SSBS has an excellent infrastructural setup with a CPCSEA approved in vivo facility, BSL-2 facilities and laboratories housing several high-end equipment dedicated for research activities. In addition, the School hosts laboratories dedicated for imparting experimental/hands-on-training to M.Sc. students. The research facilities are supported by central computing facility and a library that houses over 1000 books and research journals.

Programme Profile

M.Sc. Biotechnology

MSc Biotechnology is an interdisciplinary programme offering courses in Stem Cell Biology, Bioprocess Engineering, Recombinant DNA Technology, Bioanalytical Techniques, Genomics, Bioinformatics, and Biostatistics. The programme also emphasizes understanding of fundamental principles through courses in Biochemistry, Cell Biology, Molecular Biology, Genetics, Microbiology, Virology, and Immunology. The skill-based programme incorporates Research Project as an integral component that provides an opportunity for the students to get trained in independently drafting a hypothesis, designing a research project, and performing laboratory experiments followed by data analysis coupled with an opportunity to publish. The programme also has a provision for a one-year research project as a separate “stream” within MSc Biotechnology program with the sole objective of skilling in contemporary areas to work towards a good research publication to confer an edge over similar programs in the country.

Duration: MSc Biotechnology program runs over two years.

Intake: 40 Students

From left to right: Dr. Harish Padh, Ex-VC, Sardar Patel University; Dr. Rajiv Yeravdekar, Dean, FOHS, SIU; Dr. Chittaranjan Yajnik, Director, Diabetes Unit, KEM-HRC, Pune; Dr. Vinay Rale, Director, during 4th SSBS symposium: January 2019.
Eligibility:

Graduate in Life Sciences/ Health Sciences/ Biotechnology/ any other Biological Sciences OR Graduate of Engineering in Biotechnology/ Graduate of Technology in Biotechnology from any recognized University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% or equivalent grade for Scheduled Caste/ Scheduled Tribes.

Important: It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications from admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility for admission will be decided by Symbiosis International (Deemed University).

Admission process

The admissions are based on a cumulative score calculated from the CGPA/Percentage of B.Sc. examination and Personal Interactions conducted at SSBS.

Reservation of Seats: As per University norms.

Orientation and Pedagogy

A week long induction programme is organized for each fresh batch of students wherein guest speakers are invited to share their expertise, knowledge and experience in their respective fields. Students are oriented to emerging trends and career opportunities available in biotechnology. A series of informative lectures are also organised by in-house University faculty members, which include orientation to student welfare policies, wellness and recreation facilities as well as health care services. This induction program also includes various lectures on personality enhancement and soft skills training. Additionally, the students are given a bird’s eye view of their course curriculum.
At SSBS, pedagogy involves a combination of lectures, assignments, case studies, presentations with special emphasis on laboratory sessions and hands-on-training. Emphasis is also given to industrial visits/other field visits wherein students get an opportunity to interact with the industry personnel. Additionally, classroom sessions are planned on current scientific topics or path-breaking research to encourage open-ended discussions. Students are also encouraged to undertake research projects mandatorily as a part of the curriculum. A continuous stream of distinguished scientists from India and overseas interacting with students is a special feature. Visiting Professors spending quality time with students is encouraged.

Director
Institute Profile

Established in 2008, Symbiosis School of Economics has over the span of 13 years, designed its progression following the ARPIE model (Academics – Research – Placements – Internationalization and Enhanced Engagements)

Academics:

The growing institution has demonstrated a discernible record of success, offering two programmes:
1. B.Sc. (Economics) Honours and

SSE has two very active centres to cater to specific needs of the students and faculty. The Centre for Quantitative Learning and Applications (CQLA) facilitates advanced level data analysis and statistical software training (SAS, SPSS, STATA, R, and other statistical and econometric software) for the students. The Centre for Academic Writing (CAW) supports students in the academic writing of essays, papers and reports of various types. CAW also publishes an annual journal – Oeconomica Scriptis – a compilation of outstanding academic writings of the students.

Research: The school prepares its student community with strong research methods (both quantitative and qualitative), software applications, along with a final semester dissertation, which is mandatory both at the Undergraduate and Masters programme. With more than 60 publications the school has actively engaged on varied research projects with NABARD, Chest Research Foundation, INHAF, Sulochana Thapar Foundation- working closely on rural, urban, trade and development issues.

Placements:

Our 1500+ alumni, have been accepted to pursue academics at the leading institutions in India - like Indira Gandhi Institute for Development and Research, Gokhale Institute of Politics and Economics, Delhi School of Economics, Jawaharlal National University, Madras School of Economics, Indian Institute of Technology - (M), Centre for Development Studies – Trivandrum, Indian Institute of Management – Ahmedabad, Bangalore, Indore, Tata Institute of Social Sciences – Mumbai and across reputed International Universities - be it Johns Hopkins University, Columbia University, Boston University, University of Rochester, National University Singapore, London School of Economics, Warwick University, St Andrew’s to name a few.

The course rigour equips our students with employable skills in economic data analysis, analytics, market research, economic research and business intelligence, which has helped our students to be recruited by well-established and renowned organizations like: Deloitte, Ernest and Young, ZS Associates, CMIE, RIS, IIHS, CRISIL, ICICI Bank, IndusInd Bank, Vodafone, Markets and Markets, Public Affairs Centre (PACS) and Research and Development Initiatives (RDI), and many more.

It is evident that through its interdisciplinary flavours, the curricula prepares our students for careers in banks, financial institutions, Data Analytics, media and communication, government, academia, etc. Despite the demanding environment, there is ample scope for creativity, originality and student Initiatives. It is a journey of academic pursuits, which will be ever evolving, including different perspectives from varied stakeholders, making the learning increasingly relevant and meaningful.

Internationalization:

Symbiosis International (Deemed University) is having more than 60 MOUs with leading international universities. This has helped SSE facilitate strong linkages with respect to students and faculty exchange, working towards collaborative research and benchmarking our courses and programmes to international requirements.

Enhanced Engagements: we are closely associated with Niti Aayog, and leading think tanks like Research and Information Systems (RIS), ICRIER, UNDP, INHAF, Shyam Chi Aai Foundation, Sofosh, CII, Cogencis, IDOBRO, TIES, Yunus Centre, Piramal Foundation and many more.
Given the above framework, this very niche institute seeks to develop intellectual discipline, critical and analytical bents of mind and a skill-set that makes our students prepared for academia and industry, alike. We at SSE, achieve these goals in an educational environment committed to excellence and academic freedom. SSE seeks to nurture and develop the intellectual and professional competencies for successful life, work and leadership for its students. While the programmes are rigorous and the pedagogies are designed to make the student learn experientially, as well as through traditional techniques, the curricular and co-curricular inputs connect the students with every aspect of life through micro, macro and the global backdrops and constructs. It is our endeavour to create a class of students who will be capable of including innovations and pragmatism into problem-solving.

Programme Profile

About the programme:

• The M.Sc. Economics programme is interdisciplinary in nature. The programme seeks to develop intellectual discipline, critical and analytical thinking with a view to groom passionate individuals capable of taking up responsibility. We have a highly rigorous and relevant curriculum, catering to the dynamic nature of global markets. We, at SSE, strive hard to create an enabling framework to facilitate the smooth translation of skills to jobs.

• The diverse pools of students are selected through a highly comprehensive screening process across India. The student come from varied backgrounds like - economics, commerce, mathematics, statistics, management, and marketing, bringing to the table diversity of thoughts, dynamic iterations and innovations creating an elaborate framework. This induction criterion serves as a filter to enroll the best candidates across different disciplines with proven excellence not just in academia but also in extracurricular activities. The student community, together with the knowledge ethic embedded at SSE, ensures that they are prepared to take on roles as managers, economists, statisticians, analysts and entrepreneurs.

• SSE adopts innovative and proactive teaching pedagogy with emphasis on holistic developments of individuals. The coursework has been designed to acclimatize students to the rigors of a highly competitive workplace. Inherent with the coursework is a system of Continuous Evaluation (CE) that provides critical evaluation of a candidate's performance from time to time. The curricula places a lot of importance on intensive application based research and analysis. Further, to strengthen the skill set, the students undergo workshops where they are trained to handle and implement data packages and software like SPSS, STATA and R.

• As part of the course, all students are required to complete a two-month Industry Internship. The objective of the internship is to give students the opportunity to experience real world applications of theories they have studied. At the end of the two years, students are well prepared to face the challenges of academia, research, business and industry requirements.

Orientation and Pedagogy

Other than the standard discourse method, case study and colloquium oriented methods will also be employed as pedagogical methodology. Apart from this, various workshops, conferences and guest lectures will be organized on a regular basis to enhance the student’s understanding and sharpening of the required academic and industrial skill-sets. The students at this level are expected to read related matter and come to class so that each session becomes more interactive. The aim is to create a dynamic learning environment and enhancing the analytical and application capability of the students.

Prior to joining the Symbiosis School of International Studies, Ms. Lawale, worked for over more than a decade at the United Nations Educational, Scientific Cultural Organisation (UNESCO) Headquarters in Paris, France. She has worked in the capacity of Programme Specialist on two of the UN’s priority programmes in education and international development – Education for All and Education for Sustainable Development. These programmes covered a variety of contemporary issues like peace and conflict, human rights, climate change and gender issues, among others. She has also taught the post-graduate programme in French studies at the University of Pune. Ms. Lawale has an M.Phil in International Cooperation in Education and Training from the Sorbonne University and an M.A. in International Relations from the prestigious Sciences Po, Paris. She also has an M.A. and M.Phil in French studies from Pondicherry University. She has authored articles on education and sustainable development that have been published in international journals and publications and has presented papers at prestigious international conferences like the biennial International Conference on Education and Development, UK, and the Human Development and Capability Association (HDCA) annual conferences. She is also member of the HDCA, an association that was established in 2004 by Prof. Amartya Sen and Prof. Martha Nussbaum. Areas of Interest: Indo-French relations, Indo-EU relations; development cooperation; educational cooperation and issues related to Sustainable Development.

Ms. Shivali Lawale
Director
Institute Profile

The M.A. (International Studies) programme offered by SSIS seeks to equip students with knowledge and skills pertinent to address the 21st century global challenges. While engaging with topics on peace, conflict, justice, rights, development, global commons, environment, cooperation, governance, diplomacy and so on, the emphasis is on developing critical thinking to come up with tangible alternatives to address the unresolved issues. The holistic nature of courses offered under the M.A. (International Studies) programme provides students with the lens to critically examine analyze and understand contemporary issues based on a multi-disciplinary approach. The specialization offered under the course on Area Studies fosters scholarship of the region informed by a deeper understanding of an interconnected and interdependent world. The choice of regions offered includes – Europe and North America and Asia. The students are also offered a choice of foreign language as part of Area Studies course (e.g. French/ Spanish/ Chinese/ Arabic). For the choice of both the region and the foreign language to take off, there has to be a minimum enrolment ratio of students. The curriculum includes mandatory internship that prepares students for careers with CSOs, NGOs, international organizations, think tanks, civil services, media, academia, consultancies and financial institutions. Our faculty members are a good blend of prominent academicians, active researchers and practitioners, attesting to the belief that the best pedagogy comes from a mix of theory and praxis. The students benefit from the contributions of different types of practitioners of international relations, whether they are from diplomacy, the corporates, the think-tanks or international organizations. The diverse background of both the faculty and the postgraduate students makes for a cosmopolitan and enriching environment.

**Orientation and Pedagogy**

The holistic nature of courses offered under the M.A. (International Studies) programme provides students with the lens to critically examine, analyse and understand contemporary issues based on a multi-disciplinary approach. The curriculum includes mandatory internship in the third semester that prepares students for careers with CSOs, NGOs, international organizations, think tanks, civil services, media, academia, consultancies and financial institutions.

Our faculty members are a good blend of prominent academicians, active researchers and practitioners, attesting to the belief that the best pedagogy comes from a mix of theory and praxis. The students benefit from the contributions of different types of practitioners of international relations, whether they are from diplomacy, the corporates, the think-tanks or international organisations. The diverse background of both the faculty and the postgraduate students makes for a cosmopolitan and enriching environment.
Faculty is encouraged to employ a number of methods of instruction. Consistent with the University’s quality assurance and enhancement practices, each method is designed to ensure that the students derive maximum benefit from the lectures and seminars, and that they use the self-study time to its full advantage. Given the diversity of the subject, the programme is taught through a mixed pedagogical approach, combining exposure to both IR theory and praxis. Emphasis is laid on hands-on training in the workings of contemporary diplomacy and international negotiations through simulations, case studies and audio visuals. The courses are designed to nurture critical analysis skills (written and oral), soft skills, intercultural skills and e-competencies in the students to enable them to play professional, constructive or leadership roles at the national, regional and international level. The pedagogy is by lecture/seminar format, small group work, and simulations as appropriate.

Dr. Sharvari Shukla is well-regarded influencer and has been named among most influencing Statisticians in her domain. Her efforts in popularizing Bio-Statistics have drawn recognition for Indian industry and academia. She has been conferred with the prestigious fellowships and awards. She has also been a recipient of WHO scholarship for International Epidemiological Association and WHO scholarship for Health and Demographic Surveillance System and Longitudinal data analysis. She has more than 20 years of experience in Statistics & Data analytics in Healthcare, Epidemiology and Public Health domain. Currently, within the modelling and simulation along with public health group she handles various national and international funded projects. Besides research she is involved in teaching at postgraduate level. Her fields of expertise include longitudinal data analysis, epidemiology, clinical trials, research methodology, and population studies with special focus on modelling and simulation. She is a member of various Statistical committees and also serves as a board member. The passionately driven researcher, has more than 50 publications to her name which published in various national and international journals including journals.

Dr. Sharvari Shukla
Director
Institute Profile

The major focus of the Symbiosis Statistical Institute (SSI) is to train students to translate and apply statistical knowledge to solve real-world problems in various inter-disciplinary domains. In today’s innovative world new forces are shaping the analytics so education becomes very important for developing next generation creative thinkers and innovators. Masters of Science in Applied Statistics shall offer modules, which are application oriented that facilitates learning statistical methodologies and best practices in statistical analysis. The programme prepares students for career opportunities in different areas such as Pharma, Insurance, Finance, Automobile, Information Technology and many other sectors that will entail market research, forecasting and predictive analysis. It will also provide opportunities for students to be gainfully employed with National and International Research Institutes, Research laboratory, Academia, Non-Governmental Organizations, Consulting, and Doctoral Studies among other opportunities.

The programme prepares students for career opportunities in varied domains such as Pharma Insurance, Finance, Automobile, Information Technology and many other sectors that will entail market research, forecasting and predictive analysis. It will also provide opportunities for students to be gainfully employed with National and International Research Institutes, Research laboratory, Academia, Non-Governmental Organizations, Consulting and Doctoral Studies among other opportunities.

Duration: 2 Years full time

Intake: 45 Students

Admission Process

Selection of students is based on:
1. Academic record with minimum 50 percent (45% for SC/ST) at graduation level
2. Performance at the ‘Writing Aptitude Test (Technical and Academic)’ (WAT) and ‘Personal Interaction’ (PI) which will be conducted in Kolkata, Noida and Pune. WAT is a written test that will be scheduled along with a comprehensive Personal Interaction (PI).

Writing Aptitude Test (Technical and Academic)
Essay type written test on a general topic to comprehend the writing skills of the candidate.

Personal Interaction
Interaction with a panel of experts.

Eligibility:
Graduate from any statutory/recognized University with minimum of 50% marks (45% for SC/ST) in
1. B.Sc. (Second class) with Statistics as principal and Mathematics at subsidiary level
2. B.Sc. (Second class) with Mathematics as principal and Statistics at subsidiary level
3. B.Sc. (Second class) in Actuarial Science with Mathematics and Statistics at subsidiary level
4. B.Sc. (Second class), with Statistics as one of the subjects
5. B.C.S (Second class), with Statistics as one of the subjects
6. B.C.A (Second class), with Statistics as one of the subjects
7. B.E. with Mathematics/Statistics at subsidiary level
Important: It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications from admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility for admission will be decided by Symbiosis International (Deemed University).

Reservation of Seats: As per University norms.

An advocate and practitioner of emotional intelligence in workplaces, Dr Ketan Kotecha is at the helm of the administrative, academic and entrepreneurship affairs of the Symbiosis International (Deemed University). His 25 years of extraordinary career saw him serving in the finest of the engineering colleges in various higher technical education leadership positions.

An avid researcher, he has various prestigious transnational projects under him. He is recipient of the projects worth INR 1.6 crores on AI for Credibility Analysis of Information and Explainable AI for Health care in collaboration with the Arizona State University, USA and the University of Queensland, Australia under Scheme for Promotion of Academic and Research Collaboration (SPARC) by MHRD, GoI respectively. He is also a team member for the nationwide initiative on ‘AI and deep learning Skill and Research named Leadingindia.ai initiative sponsored by Royal Academy of Engineering, UK under Newton Bhabha Fund.

A researcher - teacher of Deep learning, his interest areas are Artificial Intelligence, Computer Algorithms, Machine Learning, Deep Learning Higher Order Thinking Skills, Critical Thinking and Ethics & Values. His research work can also be seen at https://scholar.google.co.in/citations?user=oNiE0gMAAAAJ&hl=en He has more than 100 papers published/presented at international conferences around the world, to his credit and 3 patents filed. He is Guide to doctoral students working on the various field of Computer Engineering and especially in Machine Learning for PhD/MTech Degrees. His insightful articles on varying topics are also published in news dailies; CSI magazine; AIU University newsletter etc.

He was keynote speaker for events (recent ones) such as ACMA Technology Summit 2019, Pune; international conference on “Flexible Learning Pathways: Asia-Europe Conference on Lifelong Learning and the 2030 Agenda for Sustainable Development”, Hanoi, Vietnam; Artificial Intelligence & Data Analytics in Decision Making” at the 14th FICCI Higher Education Summit 2018. He was also a member of FICCI higher education delegation to S Korea in May 2019. He has also delivered a talk on Research directions for Artificial Intelligence at various forums including at IIT Bombay.

Dr Kotecha was founding Provost of Gujarat’s largest private university- Parul University. He was Director – Academic Development and Research Cell, Nirma University, Ahmedabad, where he also served as the Dean and Director of the Institute of Technology, Nirma University. He was Governing Council Member of the USA based Global Engineering Dean’s Council – India Chapter and is also a member of National Advisory Council for Confederation of Indian Industry’s (CII) Engineering and Management Curriculum Restructuring Task Force. He is the member of Governing Council of various universities and member of Academic Council at few Universities. He was a Member of the Technical Advisory Committee of BRTS, Ahmedabad and is also a member of Metro–Link Express for Gandhinagar.

Dr Kotecha is also an independent director of Gujarat Informatics nominated by Government of Gujarat. A recipient of Erasmus + faculty mobility grant from European Union, Dr Kotecha was invited by Wroclaw University of Science and Technology and Poznan University of technology, Poland for delivering sessions on Machine learning. He was a visiting expert to University of Pretoria, S. Africa. He was also invited and visited various countries like USA, Canada, Singapore, Hong Kong, S. Africa, Spain, Poland, Germany, Cz Republic, Switzerland, Argentina, China, Vietnam, and South Korea.

Dr Kotecha is pioneer in Education Technology, believes in drastic curriculum reforms and innovative teaching-learning practices. He is also a voracious reader and is passionate about travelling and indulging in good food.

Director
Institute Profile

Symbiosis Institute of Technology, a constituent of Symbiosis International University, was established in the year 2008 and currently offers B.Tech programmes in Civil Engineering, Computer Science and Engineering, Electronics & Telecommunication Engineering, Information Technology and Mechanical Engineering.

M.Tech programmes in Computer Aided Design and Manufacture, Artificial Intelligence & Machine Learning and Embedded Systems are offered. Research programmes leading to Ph.D. Degree were introduced in Faculty of Engineering of Symbiosis International University in 2010.

The Institute endeavors to provide quality technical education in line with the requirements of today’s competitive industry and fast paced technological developments. The curriculum developed by the Institute lays a stress both on basics and latest developments. Realizing the fact that faculty is the most important resource, special efforts have been made to find, recruit and retain highly qualified and competent faculty. Infrastructure created and acquired by the Institute, like all other Symbiosis Institutes, is of a very high quality and includes multimedia classrooms, well equipped labs including software for CAD/CAM, simulations and other applications, well stocked modern library with digital media, auditorium, seminar halls, separate hostels for boys & girls and playgrounds. The Institute provides an environment conducive for harnessing the potential of both faculty and students through systematic and effective planning and control of the teaching learning process, both within and outside the classroom. The basic teaching learning process is supplemented by organizing techfests, cultural programmes, sports competitions, industry-institute meets, guest lectures by renowned personalities and student exchange programmes with foreign universities.

The Institute has international collaborations for student and faculty exchange with Nanyang Technological University Singapore, Ingolstadt University Germany, Purdue School of Engineering, IUPUI Indianapolis USA and Leibniz University Hannover.

In an effort to realize the dream of Dr. S. B. Mujumdar Sir, Chancellor of SIU and creator of Symbiosis, of producing Gentlemen Engineers, the students are trained in liberal arts, performing arts, industrial history, human values and ethics and are offered to qualify a special diploma from SIBM and courses from other Symbiosis Institutes. Our Engineering students can take up subjects on product design, patents and copyrights and many other areas closely related to engineering. Students at SIT come from all parts of the country. This diversity coupled with their excellent schooling and family background creates an environment best suited for peer learning. They are ever eager to supplement their normal learning with carrying out technical projects, participation in contests, organizing events and so on.

Programme Profile

Master of Technology (M. Tech) with specializations in the following disciplines:

i. M. Tech (Computer Aided Design and Manufacture)

ii. M. Tech (Artificial Intelligence and Machine Learning)

iii. M. Tech (Embedded Systems)

iv. M. Tech (Geoinformatics and Surveying Technology)

Objective of the Programme(s)

i) To generate competent manpower in the emerging areas of CAD&M, AI & ML, ES and GST.

ii) To impart skills related to analysis, design, synthesis, research and reflection

iii) To inculcate in the students an aptitude for lifelong learning

i. M. Tech

(Computer Aided Design and Manufacture)

Duration: Two years

Intake: 18 Students

Eligibility:

- Candidate should be an Engineering graduate (B.E./B.Tech) from any statutory university with a minimum of 50% marks (45% for SC/ST) in the discipline of Mechanical/ Production/ Industrial/ Automobile/ Aeronautical or Metallurgical Engineering.

- Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50% marks (45% for SC/ST) at qualifying examination.

Important: It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications from admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility for admission will be decided by Symbiosis International (Deemed University).

ii. M. Tech

(Artificial Intelligence and Machine Learning)

Duration: Two years

Intake: 24 Students
Eligibility:

- Engineering Graduate (B.E./B.Tech.) in ANY relevant disciplines of Engineering with minimum four years duration from any recognized University/Institution of National Importance with a minimum of 50% marks or equivalent grade (45% Marks or equivalent grade for Scheduled Caste/Scheduled Tribes)

- Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50%marks (45% for SC/ST) at qualifying examination.

Important: It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications from admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility for admission will be decided by Symbiosis International (Deemed University).

iii. M. Tech (Embedded Systems)

Duration: Two years

Intake: 18 Students

Eligibility:

- Candidate should be an Engineering graduate (B.E./B.Tech) from any statutory university with minimum of 50% marks (45% for SC/ST) in the discipline of Electrical, Electronics (Communication Engineering), Electronics and Tele-communication or Instrumentation.

- Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50%marks (45% for SC/ST) at qualifying examination.

Important: It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications from admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility for admission will be decided by Symbiosis International (Deemed University).

iv. M. Tech (Geoinformatics and Surveying Technology)

Duration: Two years

Intake: 18 Students

Eligibility:

- Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50%marks (45% for SC/ST) at qualifying examination.

Orientation and Pedagogy

a. Method of Instruction

M.Tech programmes have been designed to transform the students into competent professionals. The Institute employs a very effective and interactive teaching-learning process using most recent teaching aids including multimedia. The curriculum has been developed considering the present and future needs of industry and higher education. Teachers prepare detailed presentations, lab manuals and course files to ensure the effectiveness of teaching-learning process. A salient feature of the curriculum is an Internship semester, totally devoted to carrying out projects in the industry. Students of all post graduate programmes spend an entire semester in industry, other organizations, renowned institutions and universities,
The Institute is making a conscious effort to shift from the traditional classroom teaching learning process to a problem based, project-based and scenario based teaching learning process. Students are given projects or problem statements right in the beginning of the semester and they undertake these projects either in groups or individually, depending on the nature of the project, and are guided by the subject teacher. Large inter-disciplinary projects are also given and encouraged. For M. Tech courses, emphasis is given on the practical know-how and application of the subject matter and special emphasis is given on problem solving and self-learning.

b. Learning Beyond Classrooms

Students participate in technical fests, present papers in conferences and also undertake projects in Industry during internship to augment their classroom learning with learning outside the classrooms.

c. Industry Interface

It is necessary to give students an insight into the practical aspects of theory taught in the institute. The institute, right from its inception, has ensured industrial participation in curriculum development, guest lectures by experts from Industry, student trainings and internships. In addition to these, several industrial visits are also arranged for students in order to give them an exposure on the practical solutions and industrial environment.

The Industry Institute Interaction Cell (IIIC) at Symbiosis Institute of Technology aims to get associated with Industry and support to develop strategies for creating a future talent pool for the industry. The objective of the IIIC Cell is to reduce the gap between the Institute and Industry and to offer real time exposure on projects and other developments that would benefit both Institute and Industry.

Functions of IIIC:

- To give industrial exposure to Faculty members and students, thus enabling them to tune their knowledge to cope up with the industrial culture
- Encourage industry experts to address the student community about industry trends and opportunities through guest lectures, projects and workshops etc.
- To facilitate the Departments in organizing workshops, conferences and symposia with joint participation of the industries
- Support for internship and placements
- Advisory Board/BOS
  Many members of the industry are a part of our advisory board where they share their views and ideas in order to help the institute understand the current trends and needs of the industry.
- Consultancy Projects and Industry sponsored research work

SIT has established MOU with Industries like Tech Mahindra Makers lab set at SIT, KPIT, Glass Academy, Netcracker Corporation, MINDA Corporations and Philips.

d. Research and Development

SIU started Ph.D. programme in Engineering from the academic year 2010-2011. Presently 65 research scholars are pursuing their research from Faculty of Engineering. Research equipment and facilities have been established at SIT to carry out high quality basic and applied research. Faculty members send proposals to funding agencies for sponsored R&D projects in emerging areas of research. They also have a large number of publications in refereed journals and are actively engaged in publications. M.Tech students also get an opportunity to work on some sub-areas of larger research problems as their M.Tech projects and thesis. The Institute regularly augments necessary equipment and facilities in the identified research areas. There are three research laboratories in the institute. SIU has an incubator center for promoting Entrepreneurship and has an Indian Patent center.

e. International Initiatives

The International Cell of Symbiosis Institute of Technology headed by Dr. Meena Laad, oversees and coordinates all the International initiatives of the Institute under the umbrella of Symbiosis Centre for International Education (SCIE). The Cell strives to enrich the academic and cultural experience of its students.

There are students studying or have completed their B. Tech or M. Tech programmes in SIT from countries like USA, UK, Singapore, Mauritius, UAE, Qatar, Eritrea, Yemen, Saudi Arabia, Afghanistan, Ethiopia etc. The institute provides them all the necessary support with regard to academics, administrative, medical facilities, issues related with Foreigners’ Registration Office etc. There are various specifically designed programmes for gaining international experience for the students and faculty of SIT. The Global Immersion programme (GIP) accords students an opportunity to study abroad, attend Summer school/Winter School programmes, internships with international partners. Under
Semester Abroad Programme students study one Semester at Universities abroad. SIT students have been participating in Semester Abroad programme at Nanyang Technological University, Singapore, Ingolstadt University, Germany and Indiana University Purdue University (IUPUI), Indianapolis, U.S.A. Western University, Ontario, Canada for last several years. There are opportunities available for research internships for M. Tech (CS) students at Ritsumeikan University, Japan. Students do participate enthusiastically in the short duration Summer School/Winter School programmes at Telecom Ecole de management, Paris, France, Berlin School of Law & Economics, Germany and Leibnitz University, Hannover, Germany. The international cell also organizes study tour abroad for the students of SIT. There are 61 students, from SIT visiting Germany in June 2019. Another tour is being planned, specifically for the students of Civil Engineering to Dubai in December 2019. Some of the bright students of SIT have also been the recipient of TF Learn Scholarships from NTU, Singapore for their Semester Abroad programme. Students from abroad also have come and participated in short term or semester long programmes from countries like Oman, Ethiopia, and Ingolstadt University, Germany under Study India Programme or Semester Exchange Programme. Many of SIT students have also participated in AIESEC internships on various international projects in Egypt, Poland, Sri Lanka, Italy etc.

Various International Conferences are also organized to provide cross cultural exposure and global perspective to the students and faculty. Students and faculty are encouraged to participate and present their research work in the International conferences. The faculty of SIT have presented their research work in reputed International Conferences at US, UK, Singapore, Thailand, Ukraine etc and have established research collaborations with foreign Universities.

Distinguished academicians and researchers from abroad are invited to interact with faculty and students of SIT such as Dr. Mathew Palakal (USA), Dr. Robert Schnabel (USA), Dr. Welscher (Dubai), Ms. Melin Koruk (Turkey) etc. Dr. P. Somasundaram, Director IUCRC, Columbia University (USA), Dr. Razi Nalim, Associate Dean for Research, IUPUI (USA) and Dr. Srikanthan Thambi Pillai, Professor, Dept. of Computer Engineering, NTU, Singapore were invited at SIT under Scholar in Residence Programme to conduct workshops and deliver lectures for the faculty and students.

These specifically designed programmes enable students to learn about new cultures and countries, help them develop an international outlook and prepare them to work in multicultural environment in future.

Master of Technology (Geoinformatics and Surveying Technology) [M.Tech. (G & ST)]

Semester : I
Core Courses
• Applied Statistics
• Fundamentals of Remote Sensing
• Python for Geospatial Technology
• Digital Photogrammetry
• Fundamentals of Geographic Information Systems
• Global Navigation Satellite System
• Research Methodology in GIS
• Surveying & Cartography
• Digital Photogrammetry Lab
• Fundamentals of Geographic Information Systems Lab
• Fundamentals of Remote Sensing Lab
• Global Navigation Satellite System Lab

Electives :
• Advanced Digital Databases
• Digital Image Processing In RS
• Spatial Modeling & Analysis
• Advance Python Programming for Spatial Analytics
• Spatial Data Base Management
• Web GIS and Application Design
• Cyber Security
• Flexi-Credit Course
• Digital Image Processing In RS Lab
• Spatial Data Base Management Lab
• Spatial Modeling & Analysis Lab
• Web GIS and Application Design Lab
• Integrated Disaster Management

Dr. T.P. Singh has vast experience in the field of Geospatial Technology in India and abroad. He has started his career in Geospatial technology from the Indian Institute of Remote Sensing (ISRO), where he has worked on the projects of national importance.

He has earned his Ph.D. degree in the area of satellite Image Classification techniques from HNB Garhwal Central University, Srinagar and M.Phil in Geo Engineering from College of Engineering, Vishakhapatnam.

Dr. Singh has received Master Degree in remote sensing from Pierre and Marie Curie University (UPMC), Paris University VI, France and M.Sc. from University of Lucknow in Environmental Science. He has received the European Professional Higher Post Graduate Diploma in Geoinformatics from GDTA (Institute under French Space Agency) in association with Paris University VI France, University of Lisbon, Portugal and Warsaw University of Technology Poland.

Dr. T.P. Singh has worked on LiDAR technology at the University of Freiburg, Germany on Automatic feature extraction. Before, taking academic position at Symbiosis, he has served at different government centres.

Dr. Singh received Mahaveer Prasad Dewedi Special Achievement award on the work of Geospatial Technology. Dr T.P. Singh is the member of many professional bodies. Dr. Singh is a Chairman of Indian Society of Geomatics, Pune Chapter. Executive member of Indian Society of Remote Sensing Pune Chapter. Member of Sentinel Asia Tsunami Group. He has been appointed as a member of National Accrediation Assessment Committee (NAAC) “Assessor” committee for 5 years. Dr. Singh was invited by UNOOSA (United Nation Office for Outer Space Affairs) in 2018 at Austria to talk on Space Technology and Sustainable goals. He also edited many books in the field of Geospatial Technology, Climate Change and Natural Resource Management and published several papers in the peer reviewed journals

Institute Profile

SIG was launched in 2004, as an autonomous institute, with a vision to create a potential trained human resource to meet future industry and society demands of this newly developing technology and welfare of the society at large. Personalities from research, academia, and industry representatives, assisted with a vision to formulate the program. In year 2006 SIG become a constituent of Symbiosis International (Deemed University).

In the past fifteen years, mile stones achieved included, recognition by the AICTE, UGC, warm hearted response of the industry for placements, 100% placements of all eligible students since inception and numerous accolades at the national and international meets.

It is noteworthy that Dr. S. B. Mujumdar launched an institute in this niche field in 2004 with a futuristic vision, while Government of India has launched Digital India Smart Cities, Jal Shakti which will not completed without explore full potential of this new technological tool to full fill the mission. This indicates a long term vision of the Founder Director and President of Symbiosis to explore future technology in the interest of society. Post Graduate Degree Programmes of SIG are well defined. It involved step-by-step introduction to curriculum, sufficient practice to give confidence to students, assignments and project for continuous evaluation of progress of the students and industry interaction to expose students to the corporate world. Apart from achieving competency in technical field, value added and human relations based programmes alter mindset and change attitude of the individuals to achieve goals desired by the industry. These have been much appreciated by the industry.

Programme Profile

Name of the Programme:
M.Sc. (Geoinformatics)
M. Sc. (Data Science and Spatial Analytics)

Duration: 2 years full time programme (S)

Intake: M.Sc. (Geoinformatics) : 60 Students
M. Sc. (Data Science and Spatial Analytics) : 40 Students

Eligibility:

M.Sc. (Geoinformatics):

- Graduate in Engineering, IT, Science, Computer Science, Agriculture, Geography, Commerce & Management of any recognized university/institution of national importance with minimum of 50% marks or equivalent grade (45% or equivalent grade for SC/ST).

- Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50% marks (45% for SC/ST) in the qualifying examination.

- A candidate who has completed qualifying qualification from any Foreign University must obtain an equivalence certificate from Association of Indian Universities (AIU).

Note: Graduates from Open Universities or students having a degree through a correspondence course are NOT eligible.

Important: It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications from admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility for admission will be decided by Symbiosis International (Deemed University).

M. Sc. (Data Science and Spatial Analytics):

- Graduate in Engineering, IT, Science, Computer Science, BCA or equivalent of any statutory / recognized university with 50% marks (45% for SC/ST).

- A candidate who has completed qualifying qualification from any Foreign University must obtain an equivalence certificate from Association of Indian Universities (AIU).

Note: Graduates from Open Universities or students having a degree through a correspondence course are NOT eligible.

Important: It is the responsibility of the candidates to ascertain whether they possess the requisite qualifications from admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility for admission will be decided by Symbiosis International (Deemed University).

Admission Process

Indian Students -
Personal Interaction and Writing Ability Test.
For International Students:
As per procedure prescribed by SCIE.

Reservation of Seats: As per University norms.

Orientation And Pedagogy

At SLS Hyderabad, teaching methodology is essentially learner centric and research-oriented, strengthening students in reflective and critical thinking skills along with value-orientation. Modern teaching methods are used in a convergent manner along with the lecture method. These include the class Room Presentations, Group Discussions, Seminars, Case Studies, Socratic Method, Project-based method, and computer assisted learning and experiential learning.

To provide the research-based education to get the practical understanding on the sub-fields of law, to enhance the knowledge towards particular sub-fields based on the interest of the students and to utilize the leisure time of the students productively, there are twenty active centres functioning under the headship of the faculties of the Symbiosis Law School, Hyderabad. In the last academic year, more than 150 varieties of academic events such as seminars, conferences, competitions, debates, and workshops were conducted by these Centres for Specialization.
The curriculum and pedagogy are designed around the latest Quality Initiatives in legal education. These efforts are reciprocated by the participation of all the stakeholders including the members of the bar and bench, corporate sector, govt. and international experts.
